Everything is Funny Later Aug 22 2019 I was so excited to be having my faith stories published. It seemed everything fell into place. The very first publisher, I sent it to approved the book for publishing. Life Is Fragile Handle It with Prayer was now in the editing or publishing process. This time period began a series of problems, obstacles, and issues. I think they were meant to distract me, slow me down, or get me to forget about publishing the book altogether. I soon realized after doing some research and talking to other Christian authors and clergy that the devil was the culprit. I handled it, as all things in my life, with prayer. The joke was on the devil because the worse things got the more I prayed. I even enlisted friends, family, and some clergy to join in and pray for me and with me. It was a long six months with many trials and tribulations. Looking back at events in my life, the things that at the time I thought were horrific, scary, or crazy really were mostly funny later. That was the case here, and the name of the book is Everything Is Funny Later.
