Annals of Life Insurance Medicine 5 Jan 07 2021 In the preface to Volume 1 of the 'Annals of Life Insurance Medicine' Dr. MAX E. EISENRING described the goal of this publication as follows: "Any project which aims at contributing substantially to the modern

science of medical underwriting can do so only if the many people preoccupied with these problems throughout the world join forces to the ultimate benefit of those most in need of life assurance." In an endeavour to keep the life insurance medical directors all over the world informed of the developments in the field of life insurance medicine, we have decided to publish the papers which were presented at the 11 th International Congress of Life Assurance Medicine in Mexico in 1973 in Volume 5 of the 'Annals'. We are most grateful to Dr. J. REN06N, President of the Organizing Committee of the Congress in Mexico for having consented to our publishing the proceedings of the Congress in a special edition of the 'Annals'. It is a source of great satisfaction to us that in this way a much larger circle of life insurance medical directors can be reached than would have been the case if only the participants themselves were to receive the proceedings of the Congress. Dissemination of the results of medical research on an international basis, in particular those findings that have a bearing on life insurance medicine, is one of our foremost aims.

The Sacred Scriptures - 29th Special Edition (Part 4/4) Feb 20 2022
The objective of "The Sacred Scriptures" by John Biermanski, 29th edition - "Special Edition," also written in German, is to revoke all falsifications in today's Bibles known so far (the New Testament), and to restore the original state of the verses as far as possible. In the present work, you will find the holy and true name of the living Elohim/G-d "YAHWEH" (the Elohim/G-d of Abraham, the Elohim/G-d of Isaac and the Elohim/G-d of Jacob), of the children of Israel (Exodus 3:15), to his glory in this edition, and "The New Covenant ~ The New Testament", "The Book of Psalms" and "The Book of Daniel", in which all verses are written in German and English with "Appendix" in English (see the "Table of Contents"). In this part is: "THE BOOK OF REVELATION" and also the very important "APPENDIX" for example "Note about Daniel, Chapter 7, Verses 21-28" and the work of the English Reformers, etc. The

author was born in 1963 in North Rhine-Westphalia and completed a traineeship for wholesale and foreign trade in a pharmaceutical wholesale company. In the course of his professional development, he used to be a freelancer but was also officially employed; he has experienced a lot rises and falls throughout his life. While studying the Scriptures, he was led by the Spirit of the only God, the Almighty and the only Holy Father in heaven, whereas, by grace, he could recognize many things that are now presented as heresies to the world. In recent years he has been active in the proclamation of the Word of God in Europe, particularly in Brazil (South America), and has enlightened many people by his message, so that they get to know the true God, His holy name and His will and only obey Him - and start to think about all this, i. e. "so that they finally decide themselves in favour of the living God, instead of against Him, and their names are not erased from the divine 'Book of Life' forever."

The Lost Book of Sun Yatsen and Edwin Collins Jul 21 2019 Sun Yatsen (1866-1925) occupies a unique position in modern Chinese history: he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan. The first president of the Republic of China in 1911-12, the peasant-born yet Western-trained Dr Sun was also a dedicated political theorist, constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution. A decade before the public emergence in Japan of his 'Three Principles of the People', and weeks before even his first slim publication in 1897, Kidnapped in London, Sun was already hard at work in the Reading Room of the British Museum, planning his most ambitious book yet: a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty. Started then abandoned twice over, destined never to be completed, let alone published, we can only conjecture what title this revolutionary book might have had. *The Lost Book of Sun Yatsen and Edwin Collins* is the first study of this lost work in all scholarship, Western or Chinese. It draws its originality and its themes from three primary sources, all presented here for the first time. The first is a series of interconnected lost writings co-authored by Sun Yatsen between 1896 and 1898. The second is the mass of lost political interviews with, and articles dedicated to, Sun Yatsen and his politics, first published in the British press in the aftermath the dramatic world-famous rescue of

Sun from inside the Chinese Legation in London in 1896. The third source is the 'Apostle of the Simple Life for Children', the Anglo-Jewish Rabbi Edwin Collins (1858-1936), a devotee and practitioner of Jean-Jacques Rousseau's *Émile* and the New Education movement it inspired, who became Sun's writing collaborator of choice during his years of political exile from China. Drawing on this wealth of neglected material, Patrick Anderson's book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs.
