*Cancer-Free with Food* Oct 27 2019  
The best-selling author of *The Earth Diet* offers a simple yet comprehensive

guide to nutrition for those who have been diagnosed with cancer. With a foreword by Mark Hyman, M.D. If you want to fight cancer, what should you eat? Food is medicine. By now, this important message has made its way from holistic circles to the mainstream. To ward off cancer and decrease its risk, meals specially formulated to nourish, soothe, and fortify can be an important part of treatment. But what foods work best? That remains frustratingly elusive and time-consuming to research. Happily, author Liana Werner-Gray-- known for her best-selling books including *The Earth*

**8 Steps to a Pain-Free Back** Oct 20 2021 With a fresh approach to a common problem, this self-help guide to overcoming back pain advocates

adopting the natural, healthy posture of athletes, young children, and people from traditional societies the world over.

Arguing that most of what our culture has taught us about posture is misguided—even unhealthy—and exploring the current epidemic of back pain, many of the commonly cited reasons for the degeneration of spinal discs and the stress on muscles that leads to back pain are examined and debunked. The historical and anthropological roots of poor posture in Western cultures are studied as is the absence of back pain complaints in the cultures of Africa, Asia, South

America, and rural Europe. Eight detailed chapters provide illustrated step-by-step instructions for making simple, powerful changes to seated, standing, and sleeping positions. No special equipment or exercise is required, and effects are often immediate.
