October Jan 05 2021 Multi-award-winning author China Miéville captures the drama of the Russian Revolution in this “engaging retelling of the events that rocked the foundations of the twentieth century” (Village Voice) In February of 1917 Russia was a backwards, autocratic monarchy, mired in an unpopular war; by October, after not one but two revolutions, it had become the world’s first workers’ state, straining to be at the vanguard of global revolution. How did this unimaginable transformation take place? In a panoramic sweep, stretching from St. Petersburg and Moscow to the remotest villages of a sprawling empire, Miéville uncovers the catastrophes, intrigues and inspirations of 1917, in all their passion, drama and strangeness. Intervening in long-standing historical debates, but told with the reader new to the topic especially in mind, here is a breathtaking story of humanity at its greatest and most desperate; of a turning point for civilization that still resonates loudly today.

Fall and Rise Jul 19 2019 “Better and more comprehensive than any prior account. . . . Those of us who lived through those days will find the book cathartic; those rising generations who were too young to remember 9/11, or who weren’t yet born, will find it revelatory.” — John Farmer, senior counsel to the 9/11 Commission and author of *The Ground Truth* “With his rigorous research and moral clarity, Mitchell Zuckoff has provided us with an invaluable service. He has deepened our understanding of what happened on 9/11 and recorded the voices of the victims and the survivors. What’s more, he has ensured that we never forget.” —David Grann, #1 New York Times bestselling author of *Killers of the Flower Moon* Years in the making, this spellbinding, heartbreaking, and ultimately uplifting narrative is an unforgettable portrait of 9/11. This is a 9/11 book like no other. Masterfully weaving together multiple strands of the events in New York, at the Pentagon, and in Shanksville, Pennsylvania, *Fall and Rise* is a mesmerizing, minute-by-minute account of that terrible day. In the days and months after 9/11, Mitchell Zuckoff, then a reporter for the *Boston Globe*, wrote about the attacks, the victims, and their families. After further years of meticulous reporting, Zuckoff has filled *Fall and Rise* with voices of the lost and the saved. The result is an utterly gripping book, filled with intimate stories of people most affected by the events of that sunny Tuesday in September: an out-of-work actor stuck in an elevator in the North Tower of the World Trade Center; the heroes aboard Flight 93 deciding to take action; a veteran trapped in the inferno in the Pentagon; the fire chief among the first on the scene in sleepy Shanksville; a team of firefighters racing to save an injured woman and themselves; and the men, women, and children flying across country to see loved ones or for work who suddenly faced terrorists bent on murder. *Fall and Rise* will open new avenues of understanding for everyone who thinks they know the story of 9/11, bringing to life—and in some cases, bringing back to life—the extraordinary ordinary people who experienced the worst day in modern American history. Destined to be a classic, *Fall and Rise* will move, shock, inspire, and fill hearts with love and admiration for the human spirit as it triumphs in the face of horrifying events.

The Emergence of the New South, 1913–1945 Sep 13 2021 The history of the South in this century has been obscured in the ever-growing mass of information about the region’s rapid change and turbulent development. In this book, Volume X of *A History of the South*, the historical image of the modern South is brought into full focus for the first time. George Brown Tindall presents a thorough and well-balanced historical narrative of the region during the years 1913–1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization. The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms, prohibition, woman suffrage, industrial growth, and recurring crises for Southern farmers. During the 1920’s the South was caught in a contrast of urban booms and farm distress. There were flareups of racial violence, and the Ku Klux Klan was revived. Mr. Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner, Thomas Wolfe, and many other notable writers and critics. *The Emergence of the New South* provides a new understanding of the changing political and social climate in the South under the stresses of depression, the New Deal, the labor movement, Negro unrest, and two world wars.

Liberia's First Civil War Jun 22 2022 This book provides a comprehensive narrative history of Liberia’s first civil war, from its origins in the 1980s right through the conflict and up to the peace agreement and conclusion of hostilities in 1997. The first Liberian Civil War was one of Africa’s most devastating conflicts, claiming the lives of more than 200,000 Liberians, and sending shockwaves across the world. Drawing on a wide range of local and international sources, the book traces the background of the war and its long-term and immediate causes, before analysing the detail of the unfolding conflict, the eventual ceasefire, peace agreement and subsequent elections. In particular, the book shines a light on hitherto unseen first-hand Roman Catholic indigenous and missionary sources, which offer a rare intimacy to the analysis. Detailing the impact of Liberia’s individual warlords and peacemakers, the book also explains the roles played by non-governmental agencies, national, regional and international actors, by the UN, ECOWAS and the Organisation of African Unity, and by nations with special interests and influence, such as the USA and other West African states. This book’s detailed narrative analysis of the Liberian conflict will be an important read for anyone with an interest in the Liberian conflict, including researchers within African studies, political science, contemporary history, international relations, and peace and conflict studies.

Philosophy of History Oct 14 2021 Philosophy of History is an essential introduction to a vast body of writing about history, from classical Greece and Rome to the modern world. M.C. Lemon maps out key debates and central concepts of philosophy of history, placing principal thinkers in the context of their times and schools of thought. Lemon explains the crucial differences between speculative philosophy as an enquiry into the content of history, and analytic philosophy of history as relating to the methods of history. The first two parts of the book trace each of these traditions, whereas the third part revisits both in the light of recent contributions to the discipline. This guide provides a comprehensive survey of historical thought since ancient times. Its clear terminology and lucid argument will make it an invaluable source for students and teachers alike.

The Gospel According to Mark Apr 27 2020 The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

The Pope who Would be King Aug 12 2021 Days after the assassination of his prime minister in the middle of Rome in November 1848, Pope Pius IX found himself a virtual prisoner in his own palace. The wave of revolution that had swept through Europe now seemed poised to put an end to the popes' thousand-year reign over the Papal States, if not indeed to the papacy itself. Disguising himself as a simple parish priest, Pius escaped through a back door. Climbing inside the Bavarian ambassador's carriage, he embarked on a journey into a fateful exile. Only two years earlier Pius's election had triggered a wave of optimism across Italy. After the repressive reign of the dour Pope Gregory XVI, Italians saw the youthful, benevolent new pope as the man who would at last bring the Papal States into modern times and help create a new, unified Italian nation. But Pius found himself caught between a desire to please his subjects and a fear--stoked by the cardinals--that heeding the people's pleas would destroy the church. The resulting drama--with a colorful cast of characters, from Louis Napoleon and his rabble-raising cousin Charles Bonaparte to Garibaldi, Tocqueville, and Metternich--was rife with treachery, tragedy, and international power politics. David Kertzer is one of the world's foremost experts on the history of Italy and the Vatican, and has a rare ability to bring history vividly to life. With a combination of gripping, cinematic storytelling, and keen historical analysis rooted in an unprecedented richness of archival sources, The Pope Who Would Be King sheds fascinating new light on the end of rule by divine right in the west and the emergence of modern Europe.

Ninth Street Women Jun 29 2020 Five women revolutionize the modern art world in postwar America in this "gratifying, generous, and lush" true story from a National Book Award and Pulitzer Prize finalist (Jennifer Szalai, New York Times). Set amid the most turbulent social and political period of modern times, *Ninth Street Women* is the impassioned, wild, sometimes tragic, always exhilarating chronicle of five women who dared to enter the male-dominated world of twentieth-century abstract painting -- not as muses but as artists. From their cold-water lofts, where they worked, drank, fought, and loved, these pioneers burst open the door to the art world for themselves and countless others to come. Gutsy and indomitable, Lee Krasner was a hell-raising leader among artists long before she became part of the modern art world's first celebrity couple by marrying Jackson Pollock. Elaine de Kooning, whose brilliant mind and peerless charm made her the emotional center of the New York School, used her work and words to build a bridge between the avant-garde and a public that scorned abstract art as a hoax. Grace Hartigan fearlessly abandoned life as a New Jersey housewife and mother to achieve stardom as one of the boldest painters of her

generation. Joan Mitchell, whose notoriously tough exterior shielded a vulnerable artist within, escaped a privileged but emotionally damaging Chicago childhood to translate her fierce vision into magnificent canvases. And Helen Frankenthaler, the beautiful daughter of a prominent New York family, chose the difficult path of the creative life. Her gamble paid off: At twenty-three she created a work so original it launched a new school of painting. These women changed American art and society, tearing up the prevailing social code and replacing it with a doctrine of liberation. In *Ninth Street Women*, acclaimed author Mary Gabriel tells a remarkable and inspiring story of the power of art and artists in shaping not just postwar America but the future.

Kindred Jul 31 2020 From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody.
