[U.S. History](#) Oct 28 2022 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

[Teaching U.S. History Beyond the Textbook](#) Sep 03 2020 Written by a history educator, this exciting guide provides a unique approach that makes it easy for middle and high school teachers to engage students' critical thinking in history and social studies. Using a "CSI approach" to history, the author's six powerful strategies tap into students' natural curiosity and investigative instincts. Students become detectives of the past as they ghost-hunt in their neighborhoods, solve historical crimes, prepare arguments for famous court cases, and more. Each ready-to-use technique Demonstrates how students can use primary and secondary sources to solve historical mysteries, Includes sample lessons and case studies for Grades 5-12, Aligns with national standards, making the book useful for both teachers and curriculum developers, Features review questions, reflections, and Web and print resources in every chapter for further reading. Incorporate these strategies into your classroom and watch as students discover just how thrilling and spine-chilling history can be! Book jacket.

Give Me Liberty! An American History Jan 19 2022 Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

History Lessons Dec 26 2019 A "fascinating" look at what students in Russia, France, Iran, and other nations are taught about America (The New York Times Book Review). This "timely and important" book (History News Network) gives us a glimpse into classrooms across the globe, where opinions about the United States are first formed. History Lessons includes selections from textbooks and teaching materials used in Russia, France, Iran, Saudi Arabia, Cuba, Canada, and others, covering such events as the American Revolution, the Cuban Missile Crisis, the Iran hostage crisis, and the Korean War—providing some alternative viewpoints on the history of the United States from the time of the Viking explorers to the post-Cold War era. By juxtaposing starkly contrasting versions of the historical events we take for granted, History Lessons affords us a sometimes hilarious, often sobering look at what the world thinks about America's past. "A brilliant idea." —Foreign Affairs

Building the American Republic, Volume 2 Sep 22 2019 "Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation's struggles and accomplishments new and compelling. Weaving together stories of abroad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing massive economic growth, rapid demographic change, and combusive politics.

An Indigenous Peoples' History of the United States May 31 2020 New York Times Bestseller Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence

in Literature.

Outline of U.S. History Sep 27 2022 'Outline of U.S. History' is a publication of the U.S. Department of State. The first edition (1949-50) was produced under the editorship of Francis Whitney, first of the State Department Office of International Information and later of the U.S. Information Agency. Richard Hofstadter, professor of history at Columbia University, and Wood Gray, professor of American history at The George Washington University, served as academic consultants. D. Steven Endsley of Berkeley, California, prepared additional material. It has been updated and revised extensively over the years by, among others, Keith W. Olsen, professor of American history at the University of Maryland, and Nathan Glick, writer and former editor of the USIA journal, *Dialogue*. Alan Winkler, professor of history at Miami University (Ohio), wrote the post-World War II chapters for previous editions. This new edition has been completely revised and updated by Alonzo L. Hamby, Distinguished Professor of History at Ohio University. Professor Hamby has written extensively on American politics and society.

A Companion to American Military History Mar 29 2020 With more than 60 essays, *A Companion to American Military History* presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present. Covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan and Iraq. Features an unprecedented breadth of coverage from eminent military historians and emerging scholars, including little studied topics such as the military and music, military ethics, care of the dead, and sports. Surveys and evaluates the best scholarship on every important area and topic. Summarizes current debates and identifies areas where conflicting interpretations are in need of further study.

American History: A Very Short Introduction Jan 27 2020 In a miracle of concision, Paul S. Boyer provides a wide-ranging and authoritative history of America, capturing in a compact space the full story of our nation. Ranging from the earliest Native American settlers to the presidency of Barack Obama, this *Very Short Introduction* offers an illuminating account of politics, diplomacy, and war as well as the full spectrum of social, cultural, and scientific developments that shaped our country. Here is a masterful picture of America's achievements and failures, large-scale socio-historical forces, and pivotal events. Boyer sheds light on the colonial era, the Revolution and the birth of the new nation; slavery and the Civil War; Reconstruction and the Gilded Age; the Progressive era, the Roaring Twenties and the Great Depression; the two world wars and the Cold War that followed; right up to the tragedy of 9/11, the wars in Iraq and Afghanistan, and the epoch-making election of Barack Obama. Certain broad trends shape much of the narrative--immigration, urbanization, slavery, continental expansion, the global projection of U.S. power, the centrality of religion, the progression from an agrarian to an industrial to a post-industrial economic order. Yet in underscoring such large themes, Boyer also highlights the diversity of the American experience, the importance of individual actors, and the crucial role of race, ethnicity, gender, and social class in shaping the contours of specific groups within the nation's larger tapestry. And along the way, he touches upon the cultural milestones of American history, from Tom Paine's *The Crisis* to Allen Ginsberg's *Howl*. *American History: A Very Short Introduction* is a panoramic history of the United States, one that covers virtually every topic of importance--and yet can be read in a single day.

From Colonies to Superpower Jun 12 2021 Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology. Lists of topics covered within each chapter for easy reference. Concept boxes discussing selected issues in more detail. Historiography boxes exploring key debates. Chapter summaries offering condensed outlines of the main themes of each chapter. Further reading lists guiding readers to additional resources. Maps and images bringing to life important events and figures from America's history. Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-U.S. students and is the perfect introduction for those new to U.S. history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes and links to selected web resources.

A Nation of Immigrants Aug 02 2020 Tells the story of the struggles of successive waves of immigrants who came to America and includes the President's plea for a complete revision of our immigration law. The late President expounds the need for an enlargement of our narrow immigration laws. His book expresses an ideal defined by Washington in the first years of the Republic: that America should always be a "propitious asylum for the unfortunates of other countries."

The American Century Jul 13 2021 The new edition of this classic text on modern U.S. history brings the story of contemporary America into the second decade of the twenty-first century with new coverage of the Obama presidency and the 2012 elections. Written by three highly respected scholars, the book seamlessly blends political, social, cultural, intellectual, and economic themes into an authoritative and readable account of our increasingly complex national story. The seventh edition retains its affordability and conciseness while continuing to add the most recent scholarship. Each chapter contains a special feature section devoted to cultural topics including the arts and architecture, sports and recreation, technology and education. Adding to the readers' learning experience is the addition of web links to each of these features, providing numerous complementary visual study tools. These links become live, and illustrations appear in full color, in the ebook edition. An American Century instructor site provides instructors who adopt the book with high interest features--illustrations, photos, maps, quizzes, an elaboration of key themes in the book, PowerPoint presentations, and lecture launchers on topics including the Versailles Conference, the "Military-Industrial Complex" Speech by Dwight D. Eisenhower, the Tet Offensive, and the prospects for a Second American Century. In addition, students have free access to a multimedia primary source archive of materials carefully selected to support the themes of each chapter.

Immigration in American History Jun 19 2019 Immigration in American History is a concise examination of the experiences of immigrants from the founding of the British colonies through the present day. The most recent scholarship on immigration is integrated into an accessible narrative that embraces the multicultural nature of U.S. immigration history, keeping issues of race and power at the center of the book. Organized chronologically, this book highlights how the migration experience evolved over time and examines the interactions that occurred between different groups of migrants and the native-born. From the first interactions between the Native Americans and English colonizers at Jamestown, to the present-day debates over unauthorized immigration, the book helps students chart the evolution of American attitudes towards immigration and immigration policies and better contextualize present-day debates over immigration. The voices of immigrants are brought to the forefront in a poignant selection of primary source documents, and a glossary and "who's who" provide students with additional context for the people and concepts featured in the text. This book will be of interest to students and scholars of American immigration history and immigration policy history.

These United States Jan 07 2021 President Franklin Roosevelt told Americans in a 1936 fireside chat, "I do not look upon these United States as a finished product. We are still in the making." These United States builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century--an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's promise of democracy a reality for all Americans. In the college edition of *These United States*, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.

Why You Can't Teach United States History without American Indians Mar 09 2021 A resource for all who teach and study history, this book illuminates the unmistakable centrality of American Indian history to the full sweep of American history. The nineteen essays gathered in this collaboratively produced volume, written by leading scholars in the field of Native American history, reflect the newest directions of the field and are organized to follow the chronological arc of the standard American history survey. Contributors reassess major events, themes, groups of historical actors, and approaches--social, cultural, military, and political--consistently demonstrating how Native American people, and questions of Native American sovereignty, have animated all the ways we consider the nation's past. The uniqueness of Indigenous history, as interwoven more fully in the American story, will challenge students to think in new ways about larger themes in U.S. history, such as settlement and colonization, economic and political power, citizenship and movements for equality, and the fundamental question of what it means to be an American. Contributors are Chris Andersen, Juliana Barr, David R. M. Beck, Jacob Betz, Paul T. Conrad, Mikal Brotnov Eckstrom, Margaret D. Jacobs, Adam Jortner, Rosalyn R. LaPier, John J. Laukaitis, K. Tsianina Lomawaima, Robert J. Miller, Mindy J. Morgan, Andrew Needham, Jean M. O'Brien, Jeffrey Ostler, Sarah M. S. Pearsall, James D. Rice, Phillip H. Round, Susan Sleeper-Smith, and Scott Manning Stevens.

Americanon Nov 05 2020 "An elegant, meticulously researched, and eminently readable history of the books that define us as Americans. For history buffs and book-lovers alike, McHugh offers us a precious gift."—Jake Halpern, Pulitzer Prize winner and New York Times bestselling author "With her usual eye for detail and knack for smart storytelling, Jess McHugh takes a savvy and sensitive look at the 'secret origins' of the books that made and defined us. . . . You won't want to miss a one moment of it."—Brian Jay Jones, author of *Becoming Dr. Seuss* and the New York Times bestselling *Jim Henson: The True, Fascinating, and Remarkable History of Thirteen Books that Defined a Nation* Surprising and delightfully engrossing, *Americanon* explores the true history of thirteen of the nation's most popular books. Overlooked for centuries, our simple dictionaries, spellers, almanacs, and how-to manuals are the unexamined touchstones for American cultures and customs. These books sold tens of millions of copies and set out specific archetypes for the ideal American, from the self-made entrepreneur to the humble farmer. Benjamin Franklin's *Autobiography*, *How to Win Friends and Influence People*, Webster's *Dictionary*, Emily Post's *Etiquette*: *Americanon* looks at how these ubiquitous books have updated and reemphasized potent American ideals—about meritocracy, patriotism, or individualism—at crucial moments in history. Old favorites like the *Old Farmer's Almanac* and *Betty Crocker's Picture Cook Book* are seen in this new way—not just as popular books but as foundational texts that shaped our understanding of the American story. Taken together, these books help us understand how their authors, most of them part of a powerful minority, attempted to construct meaning for the majority. Their beliefs and quirks—as well as personal interests, prejudices, and often strange personalities—informed the values and habits of millions of Americans, woven into our cultural DNA over generations of reading and dog-earing. Yet their influence remains uninvestigated—until now. What better way to understand a people than to look at the books they consumed most, the ones they returned to repeatedly, with questions about everything from spelling to social mobility to sex. This fresh and engaging book is American history as you've never encountered it before.

A Concise American History Aug 26 2022 Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first-century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural, and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America's history Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-US students and is the perfect introduction for those new to US history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes, and links to selected web resources.

A Disability History of the United States Jun 24 2022 The first book to cover the entirety of disability history, from pre-1492 to the present *Disability* is not just the story of someone we love or the story of whom we may become; rather it is undoubtedly the story of our nation. Covering the entirety of US history from pre-1492 to the present, *A Disability History of the United States* is the first book to place the experiences of people with disabilities at the center of the American narrative. In many ways, it's a familiar telling. In other ways, however, it is a radical repositioning of US history. By doing so, the book casts new light on familiar stories, such as slavery and immigration, while breaking ground about the ties between nativism and oralism in the late nineteenth century and the role of ableism in the development of democracy. *A Disability History of the United States* pulls from primary-source documents and social histories to retell American history through the eyes, words, and impressions of the people who lived it. As historian and disability scholar Nielsen argues, to understand disability history isn't to narrowly focus on a series of individual triumphs but rather to examine mass movements and pivotal daily events through the lens of varied experiences. Throughout the book, Nielsen deftly illustrates how concepts of disability have deeply shaped the American experience—from deciding who was allowed to immigrate to establishing labor laws and justifying slavery and gender discrimination. Included are absorbing—at times horrific—narratives of blinded slaves being thrown overboard and women being involuntarily sterilized, as well as triumphant accounts of disabled miners organizing strikes and disability rights activists picketing Washington. Engrossing and profound, *A Disability History of the United States* fundamentally reinterprets how we view our nation's past: from a stifling master narrative to a shared history that encompasses us all.

Human Capital in History Feb 26 2020 This volume honours the contributions Claudia Goldin has made to scholarship and teaching in economic history and labour economics. The chapters address some closely integrated issues: the role of human capital in the long-term development of the American economy, trends in fertility and marriage, and women's participation in economic change.

American Military History, Volume II Apr 22 2022 From the Publisher: This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library.

The American Yawp Aug 14 2021 "I too am not a bit tamed--I too am untranslatable / I sound my barbaric yawp over the roofs of the world."--Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students--an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

American Cultural History: A Very Short Introduction Apr 10 2021 The iconic images of Uncle Sam and Marilyn Monroe, or the "fireside chats" of Franklin D. Roosevelt and the oratory of Martin Luther King, Jr.: these are the words, images, and sounds that populate American cultural history. From the Boston Tea Party to the Dodgers, from the blues to Andy Warhol, dime novels to Disneyland, the history of American culture tells us how previous generations of Americans have imagined themselves, their nation, and their relationship to the world and its peoples. This *Very Short Introduction* recounts the history of American culture and its creation by diverse social and ethnic groups. In doing so, it emphasizes the historic role of culture in relation to broader social, political, and economic developments. Across the lines of race, class, gender, and sexuality, as well as language, region, and religion, diverse

Americans have forged a national culture with a global reach, inventing stories that have shaped a national identity and an American way of life. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The First U.S. History Textbooks May 23 2022 This book offers a fresh, multidisciplinary analysis of American history textbooks published in the first half of the nineteenth century, focusing on the emergence of an American “origins” narrative prevalent in these works as well as the methods employed to convey this tale to readers. The themes addressed in this work are timely in light of current controversies over American history curriculum, the role of textbooks, and the idea of a common American narrative.

History in the Making May 11 2021 A peer-reviewed open U.S. History Textbook released under a CC BY SA 3.0 Unported License.

Voices of a People's History of the United States Aug 22 2019 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

Building the American Republic, Volume 1 Oct 24 2019 "Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation's struggles and accomplishments new and compelling. Weaving together stories of abroad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing massive economic growth, rapid demographic change, and combusive politics.

A People's History of the United States Dec 18 2021 A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up—from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant labourers. From Columbus to the Revolution to slavery and the Civil War—from World War II to the election of George W. Bush and the “War on Terror”—*A People's History of the United States* is an important and necessary contribution to a complete and balanced understanding of American history.

An Indigenous Peoples' History of the United States for Young People Jul 01 2020 2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country “discovered” by a few brave men in the “New World,” Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

Clashing over Commerce Oct 04 2020 Should the United States be open to commerce with other countries, or should it protect domestic industries from foreign competition? This question has been the source of bitter political conflict throughout American history. Such conflict was inevitable, James Madison argued in *The Federalist Papers*, because trade policy involves clashing economic interests. The struggle between the winners and losers from trade has always been fierce because dollars and jobs are at stake: depending on what policy is chosen, some industries, farmers, and workers will prosper, while others will suffer. Douglas A. Irwin's *Clashing over Commerce* is the most authoritative and comprehensive history of US trade policy to date, offering a clear picture of the various economic and political forces that have shaped it. From the start, trade policy divided the nation—first when Thomas Jefferson declared an embargo on all foreign trade and then when South Carolina threatened to secede from the Union over excessive taxes on imports. The Civil War saw a shift toward protectionism, which then came under constant political attack. Then, controversy over the Smoot-Hawley tariff during the Great Depression led to a policy shift toward freer trade, involving trade agreements that eventually produced the World Trade Organization. Irwin makes sense of this turbulent history by showing how different economic interests tend to be grouped geographically, meaning that every proposed policy change found ready champions and opponents in Congress. As the Trump administration considers making major changes to US trade policy, Irwin's sweeping historical perspective helps illuminate the current debate. Deeply researched and rich with insight and detail, *Clashing over Commerce* provides valuable and enduring insights into US trade policy past and present.

Is This Tomorrow Mar 21 2022 Originally published in the midst of the cold war, *Is This Tomorrow* is a classic example of red scare propaganda. The story envisions a scenario in which the Soviet Union orders American communists to overthrow the US Government. Charles Schulz contributed to the artwork throughout the issue. Reprinted here for the first time in 70 years.

Remarks of the President to a Joint Session of the Congress Jul 21 2019

Lies My Teacher Told Me Nov 17 2021 Criticizes the way history is presented in current textbooks, and suggests a fresh and more accurate approach to teaching American history.

American Leaders and Heroes Dec 06 2020 "American Leaders and Heroes" by Wilbur F. Gordy. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Cuba (Winner of the Pulitzer Prize) Feb 08 2021 The epic history of Cuba from before Columbus arrived to modern times and its complex relationship with the United States

Teaching U.S. History Sep 15 2021 *Teaching U.S. History* offers an innovative approach to social studies teaching by connecting historians to real-world social studies classrooms and social studies teachers. In an unusual, even unprecedented, dialogue between scholars and practitioners, this book weds historical theory and practice with social studies pedagogy. Seven chapters are organized around key US History eras and events from the time of slavery through the Civil Rights Movement and are complemented by detailed discussions of a particular methodological approach, including primary source analysis, oral history and more. Interviews with historians open each chapter to

bring the reader into important conversations about the most cutting edge issues in U.S. history today and are followed by essays from expert teachers on the rewards and challenges of implementing these topics in the classroom. Each chapter also includes a wealth of practical resources including suggested key documents or artifacts; a lesson plan for middle school and another suitable for high school; and suggested readings and questions for further study. Teaching U.S. History is a must read for any aspiring or current teacher who wants to think critically about how to teach U.S. history and make historical discussions come alive in the school classrooms where the nation's students learn.

America's History Jul 25 2022

Rethinking American History in a Global Age Feb 20 2022 In rethinking and reframing the American national narrative in a wider context, the contributors to this volume ask questions about both nationalism and the discipline of history itself. The essays offer fresh ways of thinking about the traditional themes and periods of American history. By locating the study of American history in a transnational context, they examine the history of nation-making and the relation of the United States to other nations and to transnational developments. What is now called globalization is here placed in a historical context. A cast of distinguished historians from the United States and abroad examines the historiographical implications of such a reframing and offers alternative interpretations of large questions of American history ranging from the era of European contact to democracy and reform, from environmental and economic development and migration experiences to issues of nationalism and identity. But the largest issue explored is basic to all histories: How does one understand, teach, and write a national history even as one recognizes that the territorial boundaries do not fully contain that history and that within that bounded territory the society is highly differentiated, marked by multiple solidarities and identities? *Rethinking American History in a Global Age* advances an emerging but important conversation marked by divergent voices, many of which are represented here. The various essays explore big concepts and offer historical narratives that enrich the content and context of American history. The aim is to provide a history that more accurately reflects the dimensions of American experience and better connects the past with contemporary concerns for American identity, structures of power, and world presence.
