[Road Trip: A Practical Manual](#) Nov 24 2019 Road Trip: A Practical Manual is aimed at inspiring readers to take a road trip, while providing practical advice to help them to do so. Whether looking at popping over to Europe for a quick circuit, hankering to drive the classic routes of North America, or even aiming to cover a clutch of African countries, there is something for everyone. Importantly, every road trip featured is possible without specialist equipment and, indeed, each and every trip could possibly be completed in a hire car – though for a select few a four-wheel drive hire vehicle would be advisable. The author offers a wealth of advice from his experience taking road trips around the world. From hiring cars and paperwork, to what to take, driving laws, crossing borders and emergencies, the engaging text aims to give the reader confidence to fulfill his/her dreams. The second part of the book provides a wide range of route suggestions, based on the author ' s own experiences on six continents. Road Trip: A Practical Manual is a fascinating guide, which will, hopefully, inspire readers to turn their independent travel dreams into reality.

The Art of Driving Stick Jan 27 2020 So you want to drive stick...You've heard that driving stick gives you more control of your car in every situation, from a passing maneuver to descending a snowy hill. You've heard driving a stick shift car is more economical at the gas pump. You've heard it's more fun. But you've also heard it's hard to learn: there are gearshifts to master, your engine can stall, your car can roll backwards on a hill, and understanding the clutch is a nightmare. So, what if I told you using a clutch is no more difficult than using a bathroom faucet, or that your car's handbrake is a lot more than just a 'parking brake', or that I can teach you - in just one sentence - how to avoid ever stalling your engine? I've already taught thousands of people how to drive stick - men and women of all ages - normal people, not engineering students or race car engineers. And I can teach you.
