In this compelling study, Peggy Fitzhugh Johnstone goes beyond these traditional foci to examine the role of aggression in Eliot's fiction and to find its source in the author's unconscious sense of loss stemming from traumatic family separations and deaths during her childhood and adolescence. Johnstone demonstrates that Eliot's creative work was a constructive response to her sense of loss and that the repeating patterns in her novels reflect the process of release from her state of mourning for lost loved ones.

'A border zone of the macabre, the disturbing, the not quite accidental . . . Highsmith achieves the effect of the occult without any resources to supernatural machinery' New York Times Book Review In a pitiless story of prying suburban self-righteousness,

Patricia Highsmith introduces the Alderman family as they descend into moral crisis. He and his youngest son, Robbie, embrace their newfound faith, while his elder son Arthur rejects it. Relational Psychoanalysis, Volume 3 Jan 11 2021 Relational psychoanalysis has revived psychoanalytic discourse by attesting to the analyst's multidimensional subjectivity and then showing how this subjectivity opens to deeper insights about the experience of analysis. Volume 3 of the Relational Psychoanalysis Book Series enlarges this ongoing project in significant ways. Here, leading relational theorists explore the cultural, racial, class-conscious, gendered, and even traumatized Anlagen of the self as pathways to clinical understanding. Relational Psychoanalysis: New Voices is especially a forum for new relational voices and new idioms of relational discourse. Established writers, Muriel Dimen, Sue Grand, and Ruth Stein among them, utilize aspects of their own subjectivity to illuminate heretofore neglected dimensions of cultural experience, of trauma, and of clinical stalemate. A host of new voices applies relational thinking to aspects of race, class, and politics as they emerge in the clinical situation. The contributors to Relational Psychoanalysis: New Voices are boldly unconventional – in their topics, in their modes of discourse, and in their innovative and often courageous uses of self. Collectively, they convey the ever widening scope of the relational sensibility. The "relational turn" keeps turning.

Virgin Whore Oct 27 2019 In *Virgin Whore*, Emma Maggie Solberg uncovers a surprisingly prevalent theme in late English medieval literature and culture: the celebration of the Virgin Mary's sexuality. Although history is narrated as a progressive loss of innocence, the Madonna has grown purer with each passing century. Looking to a period before the idea of her purity and virginity had ossified, Solberg uncovers depictions and interpretations of Mary, discernible in jokes and insults, icons and rituals, prayers and revelations, allegories and typologies—and in late medieval vernacular biblical drama. More unmistakable than any cultural artifact from late medieval England, these biblical plays do not exclusively interpret Mary and her virginity as fragile. In a collection of plays known as the N-Town manuscript, Mary is represented not only as virgin and mother but as virgin and promiscuous adulteress, dallying with the Trinity, the archangel Gabriel, and mortals in kaleidoscopic erotic combinations. Mary's "virginity" signifies invulnerability rather than fragility, redemption rather than renunciation, and merciful license rather than ascetic discipline. Taking the ancient slander that Mary conceived Jesus in sin as cause for joyful laughter, the N-Town plays make a virtue of those accusations: through bawdy yet divine comedy, she redeems and exalts the crime. By revealing the presence of this promiscuous Virgin in early English drama and late medieval literature and culture—in dirty jokes told by Boccaccio and Chaucer, Malory's Arthurian romances, and the double entendres of the allegorical Mystic Hunt of the Unicorn—Solberg provides a new understanding of Marian traditions.

aloud story writing sessions, the central study considers how L2 writer voices are mediated by the writers' autobiographical identities, namely, their sense of selves formulated by their previous language learning and literacy experiences. The inquiry takes the epistemological stance that L2 creative writing is simultaneously a cognitive construct and a social phenomenon and that these two are mutually inclusive. The study contributes to L2 creative writing research and L2 learner identity research and will be of benefit to researchers, language teachers and writing instructors who wish to understand creative writing processes in order to help develop their students' positive self-esteem, confidence, motivation and engagement with the L2.
