[Personnel Management](#) Dec 21 2021 Adopting a human resources approach to and within personnel management, this book uses current research to discuss performance management, strategy, planning, cultural aspects, sick pay, pensions, equal opportunities, communication, interpersonal skills and organizational theories.

[The End of the French Exception?](#) Jul 04 2020 Analyzes the notion of the French exception and the ways in which it has informed both academic analysis and political commentary on France today. Adopting a comparative and interdisciplinary approach it examines the resilience of the notion of French exceptionalism and evaluates its relevance in a changing domestic and global context.

[The French Revolution](#) Oct 07 2020 From King Louis XVI to Naploeon Bonaparte, readers will discover the incredible people, ideas, and battles that lived and occurred during the French Revolution. The captivating photos and images and compelling facts work in conjunction with the supportive text, glossary, and index to provide an engaging and exciting reading experience as children learn about the storming of the Bastille, the Declaration of the Rights of Man and Citizens, Robespierre, and King Louis XVI's wife, Marie Antoinette.

[The Army of the French Revolution](#) Jul 24 2019 Jean-Paul Bertaud is the leading French authority on the army of the French Revolution, and *La Revolution armee* is the authoritative treatment of the first great national, patriotic, revolutionary, and mass army, engaged in what has been called the first total war: that between revolutionary France and the other European powers. The book is a successful attempt to integrate military history with social and political history and thereby to depict the army as a "school for the republic" that by subtle changes after 1795 made way for the Napoleonic regime. The distinguished historian R.R. Palmer presents the first translation of this work into English in a volume that will quickly become indispensable for French historians, historical sociologists, and political scientists interested in armies and revolutions. The theme of the book is suggested by its French title: "the Revolution armed." That is, the book is primarily about the Revolution, and specifically the Revolution in its relation to armed force. This revolution, and this army, activated the idea of the citizen-soldier exemplified by the ancient classical republics, and favored by Jean-jacques Rousseau and other eighteenth-century thinkers, but never before realized on so large and portentous a scale as in France in the 1790s. Jean-Paul Bertaud is Professor of Modern History at the University of Paris I (the Sorbonne). He has published widely in France on aspects of the French Revolution. R.R. Palmer is Professor Emeritus at Yale University and author of numerous books, including the two-volume *The Age of the Democratic Revolution* (1959 and 1964), *Twelve Who Ruled* (1941), and *The Improvement of Humanity: Education and the French Revolution* (1985), all published by Princeton University Press. He has translated many works from the French, most recently *The Two Tocquevilles, Father and Son: Herve and Alexis de TOcqueville on the Coming of the French Revolution* (Princeton, 1987). Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

[The Palaeotypography of the French Renaissance](#) Jun 22 2019 This collection of thirteen essays examines sixteenth-century type design in France. Typefaces developed during this period were to influence decisively the typography of the centuries which followed, and they continue to influence a great many contemporary typefaces. The papers' common goal is to establish the paternity of the

typefaces described and critically to appraise their attributions, many of which have previously been inadequately ascribed. Such an approach will be of interest to type historians and type designers seeking better-documented attributions, and to historians, philologists, and bibliographers, whose study of historical imprints will benefit from more accurate type descriptions. The papers and illustrations focus on the most important letter-cutters of the French Renaissance, including Simon de Colines, Robert Estienne, Claude Garamont, Robert Granjon, Pierre Haultin, and also include a number of minor masters of the period.

**Nationalism in the Age of the French Revolution** Sep 17 2021 It has been almost a truism of European history that the French Revolution gave a great stimulus to the growth of modern nationalism. This collection of original essays in English sets out to examine in detail, for the first time, in what ways and for what reasons the era of the Revolution did see major developments in this respect in various parts of Europe.

**History of Europe from the Commencement of the French Revolution in 1789, to the Restoration of the Bourbons in 1815** Feb 29 2020

**Britain in the Age of the French Revolution** May 14 2021 This new survey looks at the impact in Britain of the French Revolution and the Napoleonic aftermath, across all levels of British society. Jennifer Mori provides a clear and accessible guide to the ideas and intellectual debates the revolution stimulated, as well as popular political movements including radicalism.

**The Arthur of the French** Mar 31 2020 This major reference work is the fourth volume in the series "Arthurian Literature in the Middle Ages". Its intention is to update the French and Occitan chapters in R.S. Loomis' "Arthurian Literature in the Middle Ages: A Collaborative History" (Oxford, 1959) and to provide a volume which will serve the needs of students and scholars of Arthurian literature. The principal focus is the production, dissemination and evolution of Arthurian material in French and Occitan from the twelfth to the fifteenth century. Beginning with a substantial overview of Arthurian manuscripts, the volume covers writing in both verse (Wace, the Tristan legend, Chretien de Troyes and the Grail Continuations, Marie de France and the anonymous lays, the lesser known romances) and prose (the Vulgate Cycle, the prose Tristan, the Post-Vulgate Roman du Graal, etc.).

**The French Girl** Feb 08 2021 I Know What You Did Last Summer meets the French countryside in this exhilarating psychological suspense novel about a woman trapped by the bonds of friendship—perfect for fans of *The Widow* and *The Woman in Cabin 10*. One of RealSimple's and Cosmopolitan's Best Books of the Month Everyone has a secret... They were six university students from Oxford—friends and sometimes more than friends—spending an idyllic week together in a French farmhouse. It was supposed to be the perfect summer getaway...until they met Severine, the girl next door. But after a huge altercation on the last night of the holiday, Kate Channing knew nothing would ever be the same. There are some things you can't forgive. And there are some people you can't forget...like Severine, who was never seen again. A decade later, the case is reopened when Severine's body is found behind the farmhouse. Questioned along with her friends, Kate stands to lose everything she's worked so hard to achieve as suspicion mounts all around her. Desperate to resolve her unreliable memories and fearful she will be forever bound to the memory of the woman who still haunts her, Kate finds herself entangled within layers of deception with no one to set her free....

**A History of the French in London** Aug 05 2020 This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century, through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities in the late 20th and early 21st centuries. It analyses the impact that the French have had historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.

**A History of the French Revolution** Dec 29 2019

**The Social Interpretation of the French Revolution** Jul 16 2021

**Inventing the French Revolution** Mar 24 2022 A wide-ranging collection of essays exploring the question 'How did the French Revolution become thinkable?'

**Stuff and Money in the Time of the French Revolution** Jun 26 2022 Rebecca L. Spang, who revolutionized our understanding of the restaurant, has written a new history of money. It is also a new history of the French Revolution, with economics at its heart. In her telling, radicalization was driven by an ever-widening gap between political ideals—including "freedom of money"—and the harsh realities of daily life.

**The French Revolution** Nov 19 2021 The fall of the Bastille on July 14, 1789 has become the commemorative symbol of the French Revolution. But this violent and random act was unrepresentative of the real work of the early revolution, which was taking place ten miles west of Paris, in Versailles. There, the nobles, clergy and commoners of France had just declared themselves a republic, toppling a rotten system of aristocratic privilege and altering the course of history forever. The Revolution was led not by angry mobs, but by the best and brightest of France's growing bourgeoisie: young, educated, ambitious. Their aim was not to destroy, but to build a better state. In just three months they drew up a Declaration of the Rights of Man, which was to become the archetype of all subsequent Declarations worldwide, and they instituted a system of locally elected administration for France which still survives today. They were determined to create an entirely new system of government, based on rights, equality and the rule of law. In the first three years of the Revolution they went a long way toward doing so. Then came Robespierre, the Terror and unspeakable acts of barbarism. In a clear, dispassionate and fast-moving narrative, Ian Davidson shows how and why the Revolutionaries, in just five years, spiralled from the best of the Enlightenment to tyranny and the Terror. The book reminds us that the Revolution was both an inspiration of the finest principles of a new democracy and an awful warning of what can happen when idealism goes wrong.

**The Aftermath of the French Revolution** Feb 20 2022 Examines the causes, events, and consequences of the French Revolution in the late eighteenth century.

**The French Defeat of 1940** Aug 17 2021 Why France, the major European continental victor in 1918, suffered total defeat in six weeks at the hands of the vanquished power of 1918 only two decades later remains moot. Why the stunning reversal of fortunes? In this volume thirteen prominent scholars reexamine the French debacle of 1940 in interwar perspectives, utilizing fresh analysis,

original approaches, and new sources. Although the tenor of the volume is critical, the contributors also suggest that French preparations for war knew successes as well as failures, that French defeat was not inevitable, and that the Battle of France might have turned out differently if different choices had been made and other paths been followed.

A Socialist History of the French Revolution Apr 24 2022 The classic history of the French Revolution by the assassinated socialist leader, Jean Jaurès

*Politics, Culture, and Class in the French Revolution* Jun 14 2021 Publisher Description

**History of Europe, from the Commencement of the French Revolution in MDCCLXXXIX to the Restoration of the Bourbons in MDCCCXV** Sep 25 2019

**A Literary Tour de France** Mar 12 2021 The publishing industry in France in the years before the Revolution was a lively and sometimes rough-and-tumble affair, as publishers and printers scrambled to deal with (and if possible evade) shifting censorship laws and tax regulations, in order to cater to a reading public's appetite for books of all kinds, from the famous Encyclopédie, repository of reason and knowledge, to scandal-mongering libel and pornography. Historian and librarian Robert Darnton uses his exclusive access to a trove of documents—letters and documents from authors, publishers, printers, paper millers, type foundries, ink manufacturers, smugglers, wagon drivers, warehousemen, and accountants—involving a publishing house in the Swiss town of Neuchâtel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage, on horseback and on foot, around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not only how the industry worked and which titles were in greatest demand, but the human scale of its operations. A Literary Tour de France is literally that. Darnton captures the hustle, picaresque comedy, and occasional risk of Favarger's travels in the service of books, and in the process offers an engaging, immersive, and unforgettable narrative of book culture at a critical moment in France's history.

**A Companion to the French Revolution** Nov 27 2019 A Companion to the French Revolution comprises twenty-nine newly-written essays reassessing the origins, development, and impact of this great turning-point in modern history. Examines the origins, development and impact of the French Revolution Features original contributions from leading historians, including six essays translated from French. Presents a wide-ranging overview of current historical debates on the revolution and future directions in scholarship Gives equally thorough treatment to both causes and outcomes of the French Revolution

**The World of the French Revolution** Aug 29 2022

*The Coming of the Terror in the French Revolution* May 26 2022 How did the French Revolution's ideals of liberty, equality, and fraternity descend into violence and terror? Timothy Tackett offers a new interpretation of this turning point in world history. Penetrating the mentality of Revolutionary elites on the eve of the Terror, he reveals how suspicion and mistrust escalated and helped propel their actions.

The Origins of the Welfare State Apr 12 2021 Women workers and the revolutionary origins of the modern welfare state

**The standard pronouncing dictionary of the French and English languages** Jan 22 2022

**The Year of the French** Oct 31 2022 In 1798, Irish patriots, committed to freeing their country from England, landed with a company of French troops in County Mayo, in westernmost Ireland. They were supposed to be an advance guard, followed by other French ships with the leader of the rebellion, Wolfe Tone. Briefly they triumphed, raising hopes among the impoverished local peasantry and gathering a group of supporters. But before long the insurgency collapsed in the face of a brutal English counterattack. Very few books succeed in registering the sudden terrible impact of historical events; Thomas Flanagan's is one. Subtly conceived, masterfully paced, with a wide and memorable cast of characters, *The Year of the French* brings to life peasants and landlords, Protestants and Catholics, along with old and abiding questions of secular and religious commitments, empire, occupation, and rebellion. It is quite simply a great historical novel. Named the most distinguished work of fiction in 1979 by the National Book Critics' Circle.

The French Book Sep 29 2022 The book as the subject of a distinct historical discipline dates from the landmark publication of *L'Apparition du livre* by Lucien Febvre and Henri-Jean Martin in 1958. In this further contribution to his pathbreaking work with Febvre, eminent French historian Henri-Jean Martin explores the role of the book and book industry in early modern France. Martin begins with a sweeping look at the revolutionary role played by the new technology of printing in Europe of the Renaissance and Reformation. Shifting the focus to France, he then examines the political implications of publishing in the reign of Francis I, including such topics as the founding of royal and university libraries, the role of church-state relations, Richelieu's cultural program, and censorship. In revealing case studies of Rouen and Grenoble, Martin pinpoints precisely which books were sold and to which social groups, and explains why the initially successful printers of Rouen were eventually forced out of business by the Parisian courts. Martin also casts a discerning eye on early graphic design—from the first illustrated "coffee table" books purchased by the newly rich to the invention of the paragraph to facilitate reading. And he shows how attempts by the French government to suppress and control publication were eventually thwarted by free market forces from Amsterdam and Neuchâtel. This is a book that will be of interest to those who study the history of the book, intellectual history of early modern Europe, and the relation between politics and ideas.

**History of Europe** Aug 24 2019

**The History of the French Revolution Vol III [Illustrated Edition]** Oct 26 2019 The French Revolution was a period of far-reaching social and political upheaval in France that lasted from 1789 until 1799, and was partially carried forward by Napoleon during the later expansion of the French Empire. The Revolution overthrew the monarchy, established a republic, experienced violent periods of political turmoil, and finally culminated in a dictatorship under Napoleon that rapidly brought many of its principles to Western Europe and beyond. Inspired by liberal and radical ideas, the Revolution profoundly altered the course of modern history, triggering the global decline of absolute monarchies while replacing them with republics and liberal democracies. Through the Revolutionary Wars, it unleashed a wave of global conflicts that extended from the Caribbean to the Middle East. Historians widely regard the Revolution as one of the most important events in human history. Written by the first President of the French Third Republic himself, Louis Adolphe Thiers, this is the third of five volumes originally published in 1881 that together represent one of the earliest historical texts on the French Revolution, and one that became widely regarded as a standard authority. Richly illustrated throughout. An important addition to your French History collection.

The French Education System Nov 07 2020 Originally published in 1985. The French education system is unique in many ways and provides a useful contrast for those in all English-speaking countries to their own education system. The nature of the system; the resulting multiplicity of Inspectors; emphasis on nursery and primary schools and on vocational training; and the distinctions between different categories of teachers. This book provides an overview of the French education system and all its components. It discusses developments since the start of the Fifth Republic in 1958 and it relates the developments to changing political forces.

The French in North America Jun 02 2020 This vivid account of the crucial role played by the French in the Western Hemisphere chronicles the rise and fall of the French empire on the mainland of North America and the West Indies, from the arrival of the Breton, Norman and Basque fishermen on the Grand Banks around 1500 to the sale of Louisiana to the United States in 1803. Professor Eccles depicts the establishment of Baroque civilization and the attempt of the establishment of industries and commerce from the slave plantations of the south to the fur trade posts of the far northwest, and discusses the colonists of other European powers.

**The Crisis of the French Section, 1935-36** Dec 09 2020

**The Wars of the French Revolution** Jan 10 2021 The Wars of the French Revolution, 1792–1801 offers a comprehensive and jargon-free coverage of this turbulent period and unites political, social, military and international history in one volume. Carefully designed for undergraduate students, through twelve chapters this book offers an introduction to the origins and international context of the French Revolution as well as an in-depth examination of the reasons why war began. Aspects unpicked within the book include how France acquired a de facto empire stretching from Holland to Naples; the impact of French conquest on the areas concerned; the spread of French ideas beyond the frontiers of the French imperium; the response of the powers of Europe to the sudden expansion in French military power; the experience of the conflicts unleashed by the French Revolution in such areas as the West Indies, Egypt and India; and the impact of war on the Revolution itself. Offering extensive geographical coverage and challenging many preconceived ideas, *The Wars of the French Revolution, 1792–1801* is the perfect resource for students of the French Revolution and international military history more broadly.

*The Life of Napoleon Buonaparte, Emperor of the French* Oct 19 2021

The French Indochina War 1946–54 May 02 2020 The states of Indochina had been French colonies or protectorates since the 19th century. However, in March 1945 the Japanese interned all French troops and officials, and turned over all civil government to local authorities. The power vacuum caused by the Japanese surrender allowed the Viet Minh, a strong revolutionary organisation, to be established throughout Vietnam. When the French returned to the north, incidents between French and VM troops were inevitable, negotiations collapsed and the French opted for a military solution. This book examines the history of the conflict and the forces of both sides.

*Women of the French Revolution* Jan 28 2020

*Teaching Representations of the French Revolution* Jul 28 2022 "Offers techniques for teaching literature of the French Revolution in college courses, including considerations of the revolution's effects on modern ideas, republicanism and human rights, laïcité, and Charlie Hebdo, along with comparative approaches involving Germany, Greece, Haiti, Italy, Latin America, and Spain. Provides bibliographical resources, a timeline, and filmography"--
