[Liberalism and Its Discontents](#) Dec 22 2021 Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture

[American Education](#) Jul 05 2020 American Education: A History, 5e is a comprehensive, highly-regarded history of American education from pre-colonial times to the present. Chronologically organized, it provides an objective overview of each major period in the development of American education, setting the discussion against the broader backdrop of national and world events. The first text to explore Native American traditions (including education) prior to colonization, it also offers strong, ongoing coverage of minorities and women. New to this much-anticipated fifth edition is substantial expanded attention to the discussions of Native American education to reflect recent scholarship, the discussion of teachers and teacher leaders, and the educational developments and controversies of the 21st century.

[Market Liberalizations and Emigration from Latin America](#) Sep 26 2019 Market Liberalizations and Emigration From Latin America provides a comprehensive analysis of the impact of the era of liberalization in Latin America, focusing in particular on labor markets and emigration from the region. Starting in 1980, liberalization in Latin America was expected to improve market functioning, efficiency, and welfare. Instead, it yielded slower growth, unexpectedly high levels of unemployment and income inequality, flat or falling wages, an increase in non-tradeable (service sector) and informal activity, and, finally, waves of emigration from Mexico, Central America, and Ecuador, among other countries. This book provides a heterodox narrative explanation of why the orthodox economic model that underwrote the standard 'trickle-down' account served more to obscure and obfuscate than to explain and clarify the state-of-affairs. The book investigates the impact of the global-scale liberalizations of markets for goods and physical and finance capital and the mere national-scale liberalization of regional labor markets, arguing that these asymmetric liberalizations, together, resulted in labor market failure and contributed in turn to the subsequent, undocumented migrant flow. The ultimate effect of the skewed scale of market liberalizations in Latin America disproportionately benefited capital at the expense of labor. Market Liberalizations and Emigration From Latin America will be of interest to researchers of economics and development in Latin America.

[Maternity & Women's Health Care](#) Jun 23 2019 Accompanying CD-ROM contains ... "case studies, clinical thinking questions, videos, animations, a care plan constructor, illustrated skills, English-Spanish translations, and an audio glossary."--Page 4 of cover.

[We the People](#) Feb 09 2021 Emphasizing the relevance of politics and government in everyday life, We the People provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections. Complemented by a rich package of multimedia tools for instructors and students, including a new video-clip DVD, We the People is now more pedagogically effective than ever.

[American Government](#) Nov 20 2021 Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines. o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New 'Analyzing the Evidence' units use bold graphics to show students 'how we know what we know' about certain political phenomena. 'Core of the Analysis' boxes on the first page of every chapter preview the chapter's analysis. 'In Brief' boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. 'Key Terms' are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new 'Analyzing the Evidence' units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

[America: A Narrative History](#) Jun 27 2022 America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

[Rereading America](#) Aug 30 2022 Intended as a reader for writing and critical thinking courses, this volume presents a collection of writings promoting cultural diversity, encouraging readers to grapple with the real differences in perspectives that arise in our complex society.

[Dear America](#) Sep 06 2020 A U.S. Army veteran and rising star in the conservative movement makes the case that the United States should look to the country as it was on September 12th, 2001 for lessons about our future. On the day after the World Trade Center was attacked, Americans came together regardless of race, religion, or sexual orientation. We were united. On that day, nearly every store in the country sold out of American flags. After the events of the last eighteen months, from the Covid-19 pandemic to the constant attempts to divide us by race, Graham Allen believes that we should all look back on the events of 9/12 and remember what unites us. He believes that we do not all have to be the same, that it's okay not to agree on everything, but that we share a common history and a set of values. Just as the year 1776 serves as a reminder of our beginning, 9/12 will serve as a reminder of our present and future.

[Keywords for American Cultural Studies, Second Edition](#) Nov 08 2020 The latest vocabulary of key terms in American Studies Since its initial publication, scholars and students alike have turned to Keywords for American Cultural Studies as an invaluable resource for understanding key terms and debates in the fields of American studies and cultural studies. As scholarship has continued to evolve, this revised and expanded second edition offers indispensable meditations on new and developing concepts used in American studies, cultural studies, and beyond. It is equally useful for college students who are trying to understand what their teachers are talking about, for general readers who want to know what's new in scholarly research, and for professors who just want to keep up. Designed as a print-digital hybrid publication, Keywords collects more than 90 essays30 of which are new to this edition—from interdisciplinary scholars, each on a single term such as "America," "culture," "law," and "religion." Alongside "community," "prison," "queer," "region," and many others, these words are the nodal points in many of today's most dynamic and vexed discussions of political and social life, both inside and outside of the academy. The Keywords website, which features 33 essays, provides pedagogical tools that engage the entirety of the book, both in print and online. The publication brings together essays by scholars working

in literary studies and political economy, cultural anthropology and ethnic studies, African American history and performance studies, gender studies and political theory. Some entries are explicitly argumentative; others are more descriptive. All are clear, challenging, and critically engaged. As a whole, *Keywords for American Cultural Studies* provides an accessible A-to-Z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry.

The State of Working America, 12th Edition Jul 29 2022 Since 1988, *The State of Working America* has provided a comprehensive answer to a question newly in vogue in this age of Occupy Wall Street: To what extent has overall economic growth translated into rising living standards for the vast majority of American workers and their families? In the 12th edition, Lawrence Mishel, Josh Bivens, Elise Gould, and Heidi Shierholz analyze a trove of data on income, jobs, mobility, poverty, wages, and wealth to demonstrate that rising economic inequality over the past three decades has decoupled overall economic growth from growth in the living standards of the vast majority. The new edition of *The State of Working America* also expands on this analysis of American living standards, most notably by placing the Great Recession in historical context. The severe economic downturn that began in December 2007 came on the heels of a historically weak recovery following the 2001 recession, a recovery that saw many measures of living standards stagnate. The authors view the past decade as "lost" in terms of living standards growth, and warn that millions of American households face another decade of lost opportunity. Especially troubling, the authors stress, is that while overall economic performance in the decades before the Great Recession was more than sufficient to broadly raise living standards, broad-based growth was blocked by rising inequality driven largely by policy choices. A determinedly data-driven narrative, *The State of Working America* remains the most comprehensive resource about the economic experience of working Americans.

Burket's Oral Medicine, 12th Edition Jan 11 2021 Inherently interdisciplinary, the field of oral medicine continues to incorporate and apply new knowledge and techniques to the care of patients. For nearly 70 years, *Burket's Oral Medicine* has been the principal text for all major aspects of oral medicine, from the basic science to clinical practice. This 12th edition continues to serve as the authoritative source of information for students, residents, and clinicians interested in the field of oral medicine. Through the addition of new chapters and substantial new material, the 12th edition of the book significantly advances the understanding of today's practice of oral medicine. Research findings are produced at a rapid pace and are readily accessible from a variety of sources. A chapter on clinical research has been added to the book to help readers interpret how scientific findings reported in the literature impact their practice. Awareness of the unique aspects of oral health needs for the elderly, infants, and young children prompted the inclusion of two new chapters introducing the fields of geriatric and pediatric oral medicine. Two other original chapters on radiologic interpretations and complications of nonsurgical cancer therapy complement in more detail other broader topics addressed in the book. The 12th edition of *Burket's Oral Medicine* continues the tradition of this text in providing students, residents, and experienced practitioners with access to the expertise and experience of an international group of clinical scholars who are recognized experts in the increasingly complex field of diagnosis and medical management of maxillofacial disease and dental treatment of medically complex patients.

The Routledge Handbook on the American Dream Nov 28 2019 *The Routledge Handbook on the American Dream: Volume 2* explores the social, economic, and cultural aspects of the American Dream in both theory and reality in the twenty-first century. This collection of essays brings together leading scholars from a range of fields to further develop the themes and issues explored in the first volume. The concept of the American Dream, first expounded by James Truslow Adams in *The Epic of America* in 1931, is at once both ubiquitous and difficult to define. The term perfectly captures the hopes of freedom, opportunity and upward social mobility invested in the nation. However, the American Dream appears increasingly illusory in the face of widening inequality and apparent lack of opportunity, particularly for the poor and ethnic, or otherwise marginalized, minorities in the United States. As such, an understanding of the American Dream through both theoretical analyses and empirical studies, whether qualitative or quantitative, is crucial to understanding contemporary America. Like the first volume of *The Routledge Handbook on the American Dream*, this collection will be of great interest to students and researchers in a range of fields in the humanities and social sciences.

America: The Essential Learning Edition Aug 06 2020 *The Essential Learning Edition* of *America's* celebrated narrative offers a unique pedagogical program built around core objectives. In-chapter features guide reading, source activities guide analysis, and digital resources reinforce the reading and skill development, all providing a clear path for student success. The Second Edition has been made even more accessible and engaging with a streamlined narrative, expanded visuals, added coverage on the culture of daily life, and NEW History Skills Tutorials.

Project Management Mar 01 2020 The landmark project management reference, now in a new edition Now in a Tenth Edition, this industry-leading project management "bible" aligns its streamlined approach to the latest release of the Project Management Institute's Project Management Body of Knowledge (PMI's PMBOK® Guide), the new mandatory source of training for the Project Management Professional (PMP®) Certification Exam. This outstanding edition gives students and professionals a profound understanding of project management with insights from one of the best-known and respected authorities on the subject. From the intricate framework of organizational behavior and structure that can determine project success to the planning, scheduling, and controlling processes vital to effective project management, the new edition thoroughly covers every key component of the subject. This Tenth Edition features: New sections on scope changes, exiting a project, collective belief, and managing virtual teams More than twenty-five case studies, including a new case on the Iridium Project covering all aspects of project management 400 discussion questions More than 125 multiple-choice questions (PMI, PMBOK, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.)

America Jan 23 2022 With more than two million copies sold, *America* remains the leading narrative history survey text because it's a book that students enjoy reading. The Tenth Edition is both more relevant, offering increased attention to the culture of everyday life, and more accessible, featuring a reduced number of chapters and a streamlined narrative throughout.

United States Government and Related Topics Oct 27 2019

North American Companion Animal Formulary Oct 20 2021 *Veterinary Drug Formulary*

An Introduction to Native North America -- Pearson eText Jan 29 2020 *An Introduction to Native North America* provides a basic introduction to the native peoples of North America, including both the United States and Canada. It covers the history of research, basic prehistory, the European invasion and the impact of Europeans on Native cultures. Additionally, much of the book is written from the perspective of the ethnographic present, and the various cultures are described as they were at the specific times noted in the text.

American Constitutional Law Aug 18 2021 This paperback volume (subtitled "Constitutional Rights: Civil Rights and Civil Liberties") includes chapters 10 through 19 of *Fisher/Harriger, American Constitutional Law, Ninth Edition* (hardback). Now in its ninth edition, *American Constitutional Law* is the only book that develops constitutional law in the comprehensive sense. Along with containing analyses and excerpts of court decisions, the book highlights the efforts of legislatures, executives, the states, and the general public to participate in an ongoing political dialogue rather than passively receive a series of unilateral judicial commands. It covers all new developments in case law, congressional statutes, presidential policies, and initiatives undertaken by states under their own constitutions. The book includes readings not only from cases but congressional floor debates, committee reports, committee hearings, presidential vetoes and other statements, state actions, Federalist papers, and professional journals. It also includes a chapter on equal protection that addresses immigration law and the rights of aliens.

American Tradition in Literature Feb 21 2022

Jonas and Kovner's Health Care Delivery in the United States Jun 03 2020 How do we understand and also assess the health care of America? Where is health care provided? What are the characteristics of those institutions which provide it? Over the short term, how are changes in health care provisions affecting the health of the population, the cost of care, and access to care?. *Health Care Delivery in the United States*, now in a thoroughly updated and revised 9th edition, discusses these and other core issues in the field. Under the editorship of Dr. Kovner and with the addition of Dr. James Knickman, Senior VP of Evaluation, Robert Wood Johnson Foundation, leading thinkers and practitioners in the field examine how medical knowledge creates new healthcare services. Emerging and recurrent issues from wide perspectives of health policy and public health are also discussed. With an easy to understand format and a focus on the major core challenges of the delivery of health care, this is the textbook of choice for course work in health care, the reference for administrators and policy makers, and the standard for in-service training programs.;chapter

Rivers of North America Jun 15 2021 AWARDS: 2006 Outstanding Academic Title, by CHOICE The 2005 Award for Excellence in Professional and Scholarly Publishing by the Association of American Publishers (AAP) Best Reference 2005, by the Library Journal *Rivers of North America* is an important reference for scientists, ecologists, and students studying rivers and their ecosystems. It brings together information from several regional specialists on the major river basins of North America, presented in a large-format, full-color book. The introduction covers general aspects of geology, hydrology, ecology and human impacts on rivers. This is followed by 22 chapters on the major river basins. Each chapter begins with a full-page color photograph and includes several additional photographs within the text. These chapters feature three to five rivers of the basin/region, and cover several other rivers with one-page summaries. Rivers selected for coverage include the largest, the most natural, and the most affected by human impact. This one-of-a-kind resource is professionally illustrated with maps and color photographs of the key river basins. Readers can compare one river system to another in terms of its physiography, hydrology, ecology, biodiversity, and human impacts. * Extensive treatment provides a single source of information for North America's major rivers * Regional specialists provide authoritative information on more than 200 rivers * Full-color photographs and topographical maps demonstrate the beauty, major features, and uniqueness of each river system * One-page summaries help readers quickly find key statistics and make comparisons among rivers

Interest Groups in American Politics Dec 10 2020 Americans rail against so-called special interests but at the same time many members of society are themselves represented in one form or another by organized groups trying to affect the policymaking progress. This concise but thorough text demonstrates that interest groups are involved in the political system at all levels of government – federal, state, and local – and in all aspects of political activity, from election campaigns to agenda setting to lawmaking to policy implementation. Rather than an anomaly or distortion of the political system, it is a normal and healthy function of a pluralist society and democratic governance. Nonetheless, Nownes warns of the dangers of unwatched interest group activity, especially in the realms of the electoral process and issue advocacy. *Interest Groups in American Politics, Second Edition*, is grounded by the role of information in interest group activity, a theme that runs through the entire book. This much anticipated revision of Nownes's text retains a student friendly tone and thoroughly updates the references to interest group research, as well as adds a new chapter on the connections between interest groups and political parties. Numerous figures and tables throughout the book help students visualize important trends and information.

America: A Narrative History Apr 25 2022 *America* is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or *The Essential Learning Edition*--featuring fewer chapters and additional pedagogy.

Good Morning, America Jul 25 2019 *The American landscape as viewed through the lens of an outsider.*

America Nov 01 2022 The best-selling storytelling approach with tools that develop history skills

Nursing Diagnosis Handbook, 12th Edition Revised Reprint with 2021-2023 NANDA-I® Updates - E-Book Sep 18 2021 Step-by-step instructions show how to use the Guide to Nursing Diagnoses and Guide to Planning Care sections to create a unique, individualized plan of care. UNIQUE! Care plans are provided for NANDA-I® approved nursing diagnoses. Evidence-based interventions and rationales include recent or classic research and references supporting the use of each intervention. Examples of and suggested NIC interventions and NOC outcomes are presented in each care plan. 150 NCLEX® exam-style review questions are available on the Evolve website. Easy-to-follow Sections I and II guide you through the nursing process and selection of appropriate nursing diagnoses. Clear, concise interventions are usually only a sentence or two long and use no more than two references. Safety content emphasizes what must be considered to provide safe patient care. List of NANDA-I® Diagnoses on the inside front cover of the book provides quick reference to page numbers. Alphabetical thumb tabs allow quick access to specific symptoms and nursing diagnoses. Appendixes provide valuable information in an easy-to-access location.

Finding the Law Mar 13 2021

Science and Technology in Nineteenth-century America Aug 25 2019 Discusses the application of science to technology in this period of history which led to dramatic changes in transportation, communication, work, home, health, and medicine.

Rethinking American Electoral Democracy Oct 08 2020 While frustration with various aspects of American democracy abound in the United States, there is little agreement over—or even understanding of—what kinds of changes would make the system more effective and increase political participation. Matthew J. Streb sheds much-needed light on all the major concerns of the electoral process in the thoroughly revised third edition of this timely book on improving American electoral democracy. This critical examination of the rules and institutional arrangements that shape the American electoral process analyzes the major debates that embroil scholars and reformers on subjects ranging from the number of elections we hold and the use of nonpartisan elections, to the presidential nominating process and campaign finance laws. Ultimately, Streb argues for a less burdensome democracy, a democracy in which citizens can participate more easily in transparent, competitive elections. This book is designed to get students of elections and American political institutions to think critically about what it means to be democratic, and how democratic the United States really is. Part of the Controversies in Electoral Democracy and Representation series, edited by Matthew J. Streb.

Faces of America Apr 13 2021 As a nation of immigrants, the American experience is vibrantly defined by the diverse racial, ethnic, cultural, and religious heritage of its people. Perhaps because so many of their ancestors migrated to this country relatively recently, Americans are especially concerned with their family trees, carving out personal histories by combing through documents such as wills and estate records, federal and state censuses, and private family papers, and mining the stories and tales handed down to them by their forebears. Since 2007, the Harvard scholar Henry Louis Gates, Jr., has been helping African Americans find long-buried details about their ancestors by researching their family trees and then, when the paper trail ends, by analyzing their DNA and marrying that information to a wealth of historical data. Now, in *Faces of America* Gates explores the family trees of twelve of America's most recognizable and extraordinary citizens, individuals who learn that they are of Asian, English, French, German, Irish, Italian, Jamaican, Jewish, Latino, Native American, Swiss, and Syrian ancestry: Inaugural poet Elizabeth Alexander, chef Mario Batali, comedian and television personality Stephen Colbert, writer Louise Erdrich, writer Malcolm Gladwell, actress Eva Longoria, cellist Yo Yo Ma, writer and director Mike Nichols, former monarch of Jordan Queen Noor, surgeon and author Dr. Mehmet Oz, actress Meryl Streep, and Olympic gold medalist and figure skater Kristi Yamaguchi. In addition, each of the subjects in *Faces of America* underwent dense genotyping to trace their genetic ancestry on their father's line, their mother's line, and their percentages of European, Asian, Native American, and African ancestry. *Faces of America* unfolds as a riveting journey into our country's complex ancestral past. Readers will share in the surprise and delight, the shock and sadness of these twelve individuals themselves as Gates unveils their rich family stories, traced back to their arrival on America's shores, and beyond, deep into the history of their ancestors' countries of origin. America, as Gates shows us, is a nation of many historical threads, interwoven and united in the present moment. In this compelling book, Gates demonstrates that where we come from profoundly and fundamentally informs who we are today.

Mollison's Blood Transfusion in Clinical Medicine Apr 01 2020 "Both authors have dealt in an authoritative way with the still rapidly expanding specialty and the eleventh edition of the book will be of the greatest value to all who are interested in the scientific and practical aspects of blood transfusion in clinical medicine." From the Foreword by Professor P.L. Mollison Highly respected, long-established book that has become the "bible" in transfusion medicine Why Buy This Book? Provides a sound basis for understanding modern transfusion medicine Definitive reference source for any clinician involved with patients requiring transfusion and for all staff working in transfusion services, immunohaematology laboratories and bloodbanks Highly practical advice on management issues for the clinician Completely revised and updated to reflect the rapid pace of change in transfusion medicine Written by two of the world's leading experts in the field

American Pageant Dec 30 2019 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 23-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Corrections May 27 2022 Long at the forefront of the course and now in its Eleventh Edition, AMERICAN CORRECTIONS has been a trusted resource for introducing students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with the most well-rounded, balanced introduction to corrections available. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

America Mar 25 2022 America: A Narrative History puts narrative front and center with David Shi's rich storytelling style, colorful biographical sketches, and vivid first-person quotations. The new editions further reflect our society and our students today by continuing to incorporate diverse voices into the narrative with new coverage of the Latino/a experience as well as enhanced coverage of women and gender, African American, Native American, immigration, and LGBTQ history. With dynamic digital tools, including the InQuizitive adaptive learning tool, and new digital activities focused on primary and secondary sources, America: A Narrative History gives students regular opportunities to engage with the story and build critical history skills. The Brief Edition text narrative is 15% shorter than the Full Edition.

Cohen's Pathways of the Pulp Expert Consult - E-Book Jul 17 2021 The definitive endodontics reference, Cohen's Pathways of the Pulp is known for its comprehensive coverage of leading-edge information, materials, and techniques. It examines all aspects of endodontic care, from preparing the clinician and patient for endodontic treatment to the role the endodontist can play in the treatment of traumatic injuries and to the procedures used in the treatment of pediatric and older patients. Not only does Hargreaves and Cohen's 10th edition add five chapters on hot new topics, it also includes online access! As an Expert Consult title, Cohen's Pathways of the Pulp lets you search the entire contents of the book on your computer, and includes five online chapters not available in the printed text, plus videos, a searchable image collection, and more. For evidence-based endodontics research and treatment, this is your one-stop resource!

America Now May 15 2021 A key challenge in the first-year composition course is to inspire students as readers and to spark the kind of thoughtful classroom discussion that leads to solid academic writing. As series editor of "The Best American Essays" Robert Atwan constantly scours a wide range of print and online periodicals, bringing to "America Now" an unrivaled awareness of the best writing on today's hottest issues. To make these issues especially relevant for students, Atwan also explores hundreds of campus newspapers on the Internet to find the best student writing on current topics. These models by their peers from across the country show students that they, too, can share ideas through their own discussion and writing.
