Modern Marine Engineer's Manual Sep 19 2019 This manual, first published in 1943, has been indispensable to ships engineers for generations. The third edition, revised and updated by a team of marine engineers/professors, follows in the venerable style of its predecessors. Text relating to obsolete equipment has been eliminated, information on systems that are still current has been updated, and new material has been added to reflect innovations in equipment and operative practices. Extensive coverage on the newest medium-speed diesel engine has been added to the text. Environmental concerns have been recognized with a section on engine exhaust emissions and information about new refrigerants and the maintenance of refrigeration systems. New equipment for trash handling, sewage processing, bilge water discharge, and incineration are discussed with reference to international regulations. Ship trial procedures and the new equipment used in trial

data collection are presented in detail.

[iMovie: The Missing Manual](#) Feb 17 2022 This edition covers iMovie 10.0 for Mac and iMovie 2.0 for iOS. iMovie's sophisticated tools make it easier than ever to turn raw footage into sleek, entertaining movies—once you understand how to harness its features. [Grameen Bank Multiple Services in Bangladesh](#) Nov 21 2019 The book narrates Grameen Bank (GB) and its sister organizations' multiple services in Bangladesh and other MFIs' services in different countries that the author

has received from his working experience. The author was involved in GB credit, plus many programs in Bangladesh. The book informs readers about Grameen Bank's multidimensional services that have been functioning in Bangladesh since its inception 1976. Many articles of the book published in different international journals, like International Journal of Research Studies in Management and International Journal of Research Studies in Education, Emerald Publishing UK. The book describes how Grameen Bank (GB) women borrowers and other MFIs' borrowers have handled their microcredit borrowing, their savings, and how MFIs could serve better to microborrowers for their social, political, and economic empowerment within their community. Each article of the book also contains how MFIs could serve better integrated financial services (socioeconomic services for the microborrowers) to disadvantaged women that can lead to better provision of integrated microcredit services to them. The book is also looking for solutions to empower microborrowers' socioeconomic development in Bangladesh in addition to Grameen group-based microcredit program.
