*A Swim in a Pond in the Rain* Sep 03 2020 NEW YORK TIMES BESTSELLER • From the Booker Prize-winning author of *Lincoln in the Bardo* and *Tenth of December* comes a literary master class on what makes great stories work and what they can tell us about ourselves—and our world today. **LONGLISTED FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD • ONE OF THE BEST BOOKS OF THE YEAR:** *The Washington Post*, *NPR*, *Time*, *San Francisco Chronicle*, *Esquire*, *Milwaukee Journal Sentinel*, *Town & Country*, *The Rumpus*, *Electric Lit*, *Thrillist*, *BookPage* • “[A] worship song to writers and readers.”—*Oprah Daily* For the last twenty years, George Saunders has been teaching a class on the Russian short story to his MFA students at Syracuse University. In *A Swim in a Pond in the Rain*, he shares a version of that class with us, offering some of what he and his students have discovered together over the years. Paired with iconic short stories by Chekhov, Turgenev, Tolstoy, and Gogol, the seven essays in this book are intended for anyone interested in how fiction works and why it’s more relevant than ever in these turbulent times. In his introduction, Saunders writes, “We’re going to enter seven fastidiously constructed scale models of the world, made for a specific purpose that our time maybe doesn’t fully endorse but that these writers accepted implicitly as the aim of art—namely, to ask the big questions, questions like, How are we supposed to be living down here? What were we put here to accomplish? What should we value? What is truth, anyway, and how might we recognize it?” He approaches the stories technically yet accessibly, and through them explains how narrative functions; why we stay immersed in a story and why we resist it; and the bedrock virtues a writer must foster. The process of writing, Saunders reminds us, is a technical craft, but also a way of training oneself to see the world with new openness and curiosity. *A Swim in a Pond in the Rain* is a deep exploration not just of how great writing works but of how the mind itself works while reading, and of how the reading and writing of stories make genuine connection possible.

Author of *The Cut*'s viral article shared thousands of times unearthing the little-known origins of barre workouts, Danielle Friedman explores the history of women's exercise, and how physical strength has been converted into other forms of

power. Only in the 60s, thanks to a few forward-thinking fitness pioneers, did women begin to move en masse. In doing so, they were pursuing not only physical strength, but personal autonomy. Exploring barre, jogging, aerobics, weight training and yoga, Danielle Friedman tells the story of how, with the rise of late-20th century feminism, women discovered the joy of physical competence - and how, going forward, we can work to transform fitness from a privilege into a right.

**The October Horse** Feb 20 2022 In her new book about the men who were instrumental in establishing the Rome of the Emperors, Colleen McCullough tells the story of a famous love affair and a man whose sheer ability could lead to only one end -- assassination. As *The October Horse* begins, Gaius Julius Caesar is at the height of his stupendous career. When he becomes embroiled in a civil war between Egypt's King Ptolemy and Queen Cleopatra, he finds himself torn between the fascinations of a remarkable woman and his duty as a Roman. Though he must leave Cleopatra, she remains a force in his life as a lover and as the mother of his only son, who can never inherit Caesar's Roman mantle, and therefore cannot solve his father's greatest dilemma -- who will be Caesar's Roman heir? A hero to all of Rome except to those among his colleagues who see his dictatorial powers as threats to the democratic system they prize so highly, Caesar is determined not to be worshiped as a god or crowned king, but his unique situation conspires to make it seem otherwise. Swearing to bring him down, Caesar's enemies masquerade as friends and loyal supporters while they plot to destroy him. Among them are his cousin and Master of the Horse, Mark Antony, feral and avaricious, priapic and impulsive; Gaius Trebonius, the nobody, who owes him everything; Gaius Cassius, eaten by jealousy; and the two Brutuses, his cousin Decimus, and Marcus, the son of his mistress Servilia, sad victim of his mother and of his uncle Cato, whose daughter he marries. All are in Caesar's debt, all have been raised to high positions, all are outraged by Caesar's autocracy. Caesar must die, they decide, for only when he is dead will Rome return to her old ways, her old republican self. With her extraordinary knowledge of Roman history, Colleen McCullough brings Caesar to life as no one has ever done before and surrounds him with an enormous and vivid cast of historical characters, characters like Cleopatra who call to us from beyond the centuries, for McCullough's genius is to make them live again without losing any of the grandeur that was Rome. Packed with battles on land and sea, with intrigue, love affairs, and murders, the novel moves with amazing speed toward the assassination itself, and then into the ever more complex and dangerous consequences of that act, in which the very fate of Rome is at stake. *The October Horse* is about one of the world's pivotal eras, relating as it does events that have continued to echo even into our own times.

**Warrior of Light** Jun 12 2021 As a boy in Russia, Nicholas Roerich was captivated by a traveler's stories about Rigden Djapo, ruler of the mystical Himalayan kingdom of Shambhalla. These ancient legends told of a time of trouble to come, when Rigden Djapo would assemble his warriors of light and fight a victorious battle over all darkness. Then an era of peace would begin. When Nicholas grew up, he fulfilled his dream of exploring Asia and becoming a warrior of light. In the 1920s, he led a five-year trek through Central Asia over many of the world's most dangerous mountain passes. While on the journey, he worked on several hundred paintings despite overwhelming obstacles. During his lifetime, he completed about seven thousand works of art. Not only was Nicholas

Roerich a courageous explorer and a talented artist, but he was also a world leader in many professions. He was a scientist, he wrote 30 books and he was nominated for the Nobel Peace Prize for his work to preserve cultural institutions and landmarks during wartime. Twenty-one nations signed a treaty pledging to protect museums, universities, cathedrals and libraries that flew the Banner of Peace that Nicholas had designed. *Warrior of Light* tells the fascinating story of the remarkable boy who grew up to be a world-famous artist, explorer, author, scientist, philosopher and peacemaker. **Good Masters! These convicts - and their equally isolated guards - were left to live or die on the hostile Australian continent. Richard Morgan - a convicted felon and educated, intelligent, resourceful man - finds the will to survive, experience the joys of love, and finally make an indelible mark upon the new frontier. His story is both inspirational and heartwarming and will stay with you long after you finish the last page...

**The Song of Troy** Aug 14 2021 It was a clash of arms that would echo through the millennia: a hard-fought conflict born of love, pride, greed and revenge; a decade-long siege of the ancient world's greatest city from which nobody will escape unscathed. Here are Greek princess Helen, sensuous and self-indulgent, who deserts a dull husband for the sake of the equally self-indulgent Trojan prince Paris; the haunted warrior Achilles; the heroically noble Hektor; the subtle and brilliant Odysseus; Priam, King of Troy, doomed to make the wrong decisions for the right reasons; and Agamemnon, King of Kings, who consents to the unspeakable to launch his thousand ships, incurring the terrifying wrath of his wife, Clytemnestra. **THE SONG OF TROY: A legend reborn.**

*The Touch* Dec 18 2021 Not since *The Thorn Birds* has Colleen McCullough written a novel of such broad appeal about a family and the Australian experience as *The Touch*. At its center is Alexander Kinross, remembered as a young man in his native Scotland only as a shiftless boilermaker's apprentice and a godless rebel. But when, years later, he writes from Australia to summon his bride, his Scottish relatives quickly realize that he has made a fortune in the gold fields and is now a man to be reckoned with. Arriving in Sydney after a difficult voyage, the sixteen-year-old Elizabeth Drummond meets her husband-to-be and discovers to her dismay that he frightens and repels her. Offered no choice, she marries him and is whisked at once across a wild, uninhabited countryside to Alexander's own town, named Kinross after himself. In the crags above it lies the world's richest gold mine. Isolated in Alexander's great house, with no company save Chinese servants, Elizabeth finds that the intimacies of marriage do not prompt her husband to enlighten her about his past life -- or even his present one. She has no idea that he still has a mistress, the sensual, tough, outspoken Ruby Costevan, whom Alexander has established in his town, nor that he has also made Ruby a partner in his company, rapidly expanding its interests far beyond gold. Ruby has a son, Lee, whose father is the head of the beleaguered Chinese community; the boy becomes dear to Alexander, who fosters his education as a gentleman. Captured by the very different natures of Elizabeth and Ruby, Alexander resolves to have both of them. Why should he not? He has the fabled "Midas Touch" -- a combination of curiosity, boldness and intelligence that he applies to every situation, and which fails him only when it comes to these two women. Although Ruby loves Alexander desperately, Elizabeth does not. Elizabeth bears him two daughters: the brilliant Nell, so much like her father; and the beautiful, haunting Anna, who is to present her father with a torment out of which for once he cannot buy his way. Thwarted in his desire for a son, Alexander turns to Ruby's boy as a possible heir to his empire, unaware that by keeping Lee with him, he is courting disaster. The stories of the lives of Alexander, Elizabeth and Ruby are intermingled with those of a rich cast of characters, and, after many twists and turns, come to a stunning and shocking climax. Like *The Thorn Birds*, Colleen McCullough's new novel is at once a love story and a family saga, replete with tragedy, pathos, history and passion. As few other novelists can, she conveys a sense of place: the desperate need of her characters, men and women, rootless in a strange land, to create new beginnings.

*The Wish Master* Jan 07 2021 Sometimes you have to be careful what you wish for . . . "An adventure story with a hint of the supernatural . . . full of action and suspense" (School Library Journal). Most years Corby likes summer vacation, but not now. He's stuck at his grandparents' house in Wisconsin, where his grandfather constantly reminds him how timid he is and how different his father was at his age. And his new friend Buck seems to think he's chicken, too, just because he'd rather be sensible than risk getting hurt. To prove he's tough, Corby joins Buck for a nighttime journey into the woods to find the Wish Master, a fierce, giant statue that is rumored to grant wishes. Soon it seems as if the Wish Master does have special powers—though it doesn't always get things exactly right. When Corby wishes for a puppy, a mangy stray comes into his life. He soon grows attached to the loyal mutt. Then the dog gets Corby in big trouble, and Corby decides it's time to wish for what he really wants: to go home. But will this wish bring more harm than good?

*Stepbrother Untouchable* Apr 22 2022 Calling Nate Thornhill a rich, cocky, arrogant asshole would be an understatement. He also happens to be stunningly handsome, popular, intelligent, and captain of both the Crew and Lacrosse teams at UVA. I hate him for thinking he's untouchable—not because he's a narcissistic, privileged, borderline-misogynistic heartbreaker—but because he's right. His first words to me were at a Crew House party, and he invited me to have a threesome with him and a random girl. I could've died from the embarrassment, he didn't even know my name at the time, and he didn't care to. After that night, I promised myself to never waste another second thinking about Nate Thornhill. My world becomes a nightmare when I realize my mom's new husband Pierce has a son who's my age...and he's a junior at UVA too. I can't believe my eyes when Nate walks over and sits down next to us at dinner, introducing himself like he's never seen me before in his life. Then I feel his hand on my thigh, underneath the tablecloth with our parents sitting across from us, inching closer and closer to my panties. My mind goes fuzzy, my heart starts racing, and my body does exactly what I don't want it to do. And then they hit me with the worst news of all...Pierce has an internship lined up for me at his firm, and we're going to live at his Eastern Shore mansion for the summer. I'll be sleeping down the hall from my new stepbrother...arguing with him at every breakfast, sitting across from him at every dinner, watching as he brings an endless string of girls back to his room...secretly wishing I was one of them. *Stepbrother Untouchable* is a Stand-alone novel. It contains adult themes, harsh language, and graphic sexual content.

*The Sellout* Apr 29 2020 Winner of the Man Booker Prize Winner of the National Book Critics Circle Award in Fiction Winner of the John Dos Passos Prize for Literature New York Times Bestseller Los Angeles Times Bestseller Named One of the 10 Best Books of the Year by The New York Times Book Review Named a Best Book of the Year by Newsweek, The Denver Post, BuzzFeed, Kirkus Reviews, and Publishers Weekly Named a "Must-Read" by Flavorwire and New York Magazine's "Vulture" Blog A biting satire about a young man's

isolated upbringing and the race trial that sends him to the Supreme Court, Paul Beatty's *The Sellout* showcases a comic genius at the top of his game. It challenges the sacred tenets of the United States Constitution, urban life, the civil rights movement, the father-son relationship, and the holy grail of racial equality—the black Chinese restaurant. Born in the "agrarian ghetto" of Dickens—on the southern outskirts of Los Angeles—the narrator of *The Sellout* resigns himself to the fate of lower-middle-class Californians: "I'd die in the same bedroom I'd grown up in, looking up at the cracks in the stucco ceiling that've been there since '68 quake." Raised by a single father, a controversial sociologist, he spent his childhood as the subject in racially charged psychological studies. He is led to believe that his father's pioneering work will result in a memoir that will solve his family's financial woes. But when his father is killed in a police shoot-out, he realizes there never was a memoir. All that's left is the bill for a drive-thru funeral. Fueled by this deceit and the general disrepair of his hometown, the narrator sets out to right another wrong: Dickens has literally been removed from the map to save California from further embarrassment. Enlisting the help of the town's most famous resident—the last surviving Little Rascal, Hominy Jenkins—he initiates the most outrageous action conceivable: reinstating slavery and segregating the local high school, which lands him in the Supreme Court.

He also happens to be the son of my mom's new boyfriend—and totally off-limits. But I can't help the way my body betrays me when he walks in on me changing. The way his eyes linger...the way his pants harden...Or when he purposefully walks out of the shower naked, making sure I get a full view of his huge d\*ck. We have to endure an entire summer of this torture—stuck in a house with our crazy family members, our bedrooms only a few feet away, our young bodies wanting nothing more than to come together. **The Spymasters** Jul 01 2020 "Only eleven men and one woman are alive today who have made the life-and-death decisions that come with running the world's most powerful and influential intelligence service. With unprecedented, deep access to nearly all these individuals plus several of their predecessors, Chris Whipple tells the story of an agency that answers to the United States president alone, but whose activities--spying, espionage, and covert action--take place on every continent. At pivotal moments, the CIA acts as a brake on rogue presidents, starting in the mid-seventies with DCI Richard Helms's refusal to conceal Richard Nixon's criminality and continuing to the present as the actions of a CIA whistleblower have ignited impeachment proceedings against Donald Trump. Since its inception in 1947, the Central Intelligence Agency has been a powerful player on the world stage, operating largely in the shadows to protect American interests. For *The Spymasters*, Whipple conducted extensive, exclusive interviews with nearly every living CIA director, pulling back the curtain on the world's elite spy agencies and showing how the CIA partners--or clashes--with counterparts in Britain, France, Germany, Israel, Jordan, Saudi Arabia, and Russia. Topics covered in the book include attempts by presidents to use the agency for their own ends; simmering problems in the Middle East and Asia; rogue nuclear threats; and cyberwarfare"--

**Caesar** Aug 22 2019 The story of one of the most brilliant, flamboyant and historically important men who ever lived. 'A superb achievement' LITERARY REVIEW 'Combines scholarship with storytelling to bring the ancient world to life: in his masterly new CAESAR he shows us the greatest Roman as man, statesman, soldier and lover' Simon Sebag Montefiore 'Magnificent' DAILY TELEGRAPH From the very beginning, Caesar's story makes dazzling reading. In his late teens he narrowly avoided execution for opposing the military dictator Sulla. He was decorated for valour in battle, captured and held to ransom by pirates, and almost bankrupted himself by staging games for the masses. As a politician, he quickly gained a reputation as a dangerously ambitious maverick. By his early 30s he had risen to the position of Consul, and was already beginning to dominate the Senate. His affairs with noblewomen were both frequent and scandalous. His greatest skill, outside the bedroom, was as a military commander. In a string of spectacular victories he conquered all of Gaul, invaded Germany, and twice landed in Britain - an achievement which in 55BC was

greeted with a public euphoria comparable to that generated by the moon landing in 1969. In just thirty years he had risen from a position of virtual obscurity to become one of the richest men in the world, with the power single-handedly to overthrow the Republic. By his death he was effectively emperor of most of the known world.
