Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following two case studies: Civil rights movement in the United States (1954-1965) and Apartheid South Africa (1948-1964).

Mathematical Studies Standard Level for the IB Diploma Coursebook Apr 12 2021 This completely new title is written to specifically cover the new IB Diploma Mathematical Studies syllabus. The significance of mathematics for practical applications is a prominent theme throughout this coursebook, supported with Theory of Knowledge, internationalism and application links to encourage an appreciation of the broader contexts of mathematics. Mathematical modelling is also a key feature. GDC tips are integrated throughout, with a dedicated GDC chapter for those needing more support. Exam hints and IB exam-style questions are provided within each chapter; sample exam papers (online) can be tackled in exam-style conditions for further exam preparation. Guidance and support for the internal assessment is also available, providing advice on good practice when writing the project.

Economics for the IB Diploma: Prepare for Success Jan 28 2020 Support your students to achieve their best grade with the ultimate course companion; providing clear and concise explanations of all new framework requirements and topics, with exam practice questions to strengthen and develop learning. - Build confidence and reinforce skills with guidance on how to include key concept, content and context connections into exam answers. - Practise and revise effectively from a range of strategies and a variety of high-achieving example answers. - Achieve the best grades through advice given from a highly experienced author on how to approach and explore a topic through inquiry, including additional top tips and common mistakes. - Focus revision by using key terms with definitions listed for each of the nine key concepts of the new course. - Answers are available to download for free: www.hoddereducation.co.uk/ib-extras

Economics for the IB Diploma Paper 3 Workbook Oct 19 2021 The 2013 IB HL Economics syllabus change introduced Paper 3, an essentially calculations-based assessment. This development challenged teachers and students alike, as few Paper 3 practice resources have been available. This is furthermore an area of the syllabus where, as in Mathematics, practice is fundamentally important in developing the skills and confidence for needed for success. Paul Hoang's latest publication therefore represents an invaluable resource in helping students to prepare for the examination challenges they face. For many candidates the mix of words, theory and numbers in Paper 3 questions can be overwhelming, if they have not developed easy familiarity throughout their course. With clear layout and content that beautifully mirrors IB examination questions, this resource is the one we have all been waiting for. I absolutely recommend it as a 'must have' for all those who are preparing for the HL Economics examination. It is a core resource invaluable to students and teachers alike. Janet Barrow, IB Economics Teacher, OSC Teacher, IB Examiner, author of IB Business Management and TOK teacher resources 20160615

Mathematics Higher Level for the IB Diploma Exam Preparation Guide Dec 21 2021 A new series of Exam Preparation guides for the IB Diploma Mathematics HL and SL and Mathematical Studies.
