Thank you very much for reading **Gopro 3 Black Edition Vs Silver**. As you may know, people have search numerous times for their favorite books like this Gopro 3 Black Edition Vs Silver, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they cope with some malicious bugs inside their desktop computer.

Gopro 3 Black Edition Vs Silver is available in our book collection an online access to it is set as public so you can download it instantly. Our books collection spans in multiple countries, allowing you to get the most less latency time to download any of our books like this one. Merely said, the Gopro 3 Black Edition Vs Silver is universally compatible with any devices to read

[Emancipating James](#) Dec 15 2021 In this compelling third saga of the Black series, Joan Vassar returns to Upper Canada-1862. While on a mission with the legendary Black, James comes face to face with a dark beauty enslaved on the Mickerson plantation. Freedom and love are within his grasp, until ill-fated circumstances separate the two. When he is severely wounded in a violent uprising, James' life is forever changed. Scarred, both physically and emotionally, he tries to put behind him the failures of the last year. When life at the fort is threatened, James and his brothers are called upon for a dangerous mission that could jeopardize their hard-earned freedom. The men embark on a treacherous journey that will take them to the Union Capital and then on to their final stop: The Hunter plantation, where bitter enemies and reckonings await payment. As the men follow a path of murder and intrigue, who will live and who will die remains to be seen. Emancipating James reveals the complicated facets of the human soul exposed against the backdrops of Civil War, slavery, and romance.

[Death Note, Vol. 6](#) Nov 21 2019 Although they've collected plenty of evidence tying the seven Yotsuba members to the newest Kira, Light, L and the rest of the task force are no closer to discovering which one actually possesses the Death Note. Desperate for some headway, L recruits Misa to infiltrate the group and feed them information calculated to bring Kira into the open. But the Shinigami Rem reveals to Misa who the Kiras really are, and, armed with this knowledge, Misa will do anything to help Light. But what will that mean for L...? -- VIZ Media

[How To Use GoPro Hero 3 Cameras: The Adventure Sports Edition for HERO3+ and HERO3 Cameras](#) Jul 22 2022 FOR HERO 3+ and HERO 3 CAMERAS. This is the perfect guide book for Adventure Sports enthusiasts who want to learn how to use their GoPro HERO 3+ or HERO 3 cameras to get great videos and photos. Snowboarders, bikers, kayakers, travelers, skiers, standup paddlers, boaters and more will find valuable knowledge with the lessons in this book. With more than 100+ images, this book provides clear, step-by-step lessons to get you out there using your GoPro camera to document your adventures. This book covers everything you need to know about using your GoPro HERO 3+ or HERO 3 camera. The book teaches you: how choose your settings, tips for all of the GoPro mounts, vital photography knowledge, simple photo, video and time lapse editing techniques and how to share your first edited video and photos. Through the SIX STEPS laid out in this book, you will understand your camera and learn how to use FREE software (you probably already have!) to finally do something with your results. This book is perfect for beginners, but also provides in depth knowledge that will be useful for intermediate camera users. Written for all editions of HERO 3+ (Black and Silver Editions) and HERO 3 (Black, Silver and White Editions) cameras.

[Shooter's Bible, 111th Edition](#) Dec 23 2019 With more than seven million copies sold, this is the must-have reference book for gun collectors and firearm enthusiasts of all ages. Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications, as well as for thousands of guns that have been in production and are currently on the market. Nearly every firearms manufacturer in the world is included in this renowned compendium. The 111th edition also contains new and existing product sections on ammunition, optics, and accessories, along with updated handgun and rifle ballistic tables and extensive charts of currently available bullets and projectiles for handloading. With a timely feature on the newest products on the market, and complete with color and black-and-white photographs featuring various makes and models of firearms and equipment, the Shooter's Bible is an essential authority for any beginner or experienced hunter, firearm collector, or gun enthusiast.

[Messianic Aleph Tav Interlinear Scriptures Volume Four the Gospels, Aramaic Peshitta-Greek-Hebrew-Phonetic Translation-English, Bold Black Edition Study Bible](#) May 28 2020 The Messianic Aleph Tav Interlinear Scriptures (MATIS-NT) The GOSPELS, both Red Letter and Bold Black Editions, are the most unique Interlinear Study Bibles of the New Testament in the world. This work is a "Study Bible" and unique because it is the first true interlinear New Testament to combine both the John W. Etheridge Eastern Aramaic Peshitta in both Aramaic and Hebrew font compared to the Greek, word by word, in true interlinear form. This is the first time the Aramaic Peshitta has ever been in true interlinear form word by word. The John W. Etheridge Eastern Aramaic Peshitta English translation was provided by Lars Lindgren and incorporates his personal notes and also, the Hebrew pronunciation of the Aramaic is unique and was created and provided by Lars Lindgren of <http://Dukhrana.com/> and used with his permission... all of which comes under copyright protection. The purpose of MATIS-NT is to provide a unique Study Bible whereby each Aramaic word and verse could be studied by comparing it to the Greek in an effort to obtain a deeper understanding of what the apostles were trying to express and the differences between the two New Testaments. MATIS-NT English translation began with the public domain version of the 1987 KJV and removed all the old English for easier reading. MATIS is also unique in regard to the Hebrew (OT) and Aramaic (NT) verses running in sequence from left to right with the English translation, while the Hebrew/Aramaic individual words are written properly from right to left. This combination is unique but makes it easier for beginners to study the Hebrew and Aramaic language in comparison to its English translation. The First Volume of MATIS is The TORAH, with the Strong's Hebrew Dictionary. Volume Two, The WRITINGS, Volume Three, The PROPHEETS and Volume Four, MATIS-NT The GOSPELS, with the Strong's Greek Dictionary and Volume Five, The Acts - Revelation. MATIS Study Bibles also furthers the journey of the study of the Aleph/Tav Character Symbol by revealing thousands of words that originally incorporated this symbol in Paleo Hebrew, and also in Aramaic/Hebrew, and apparently for good reason! The MATIS Study Bible Collection is truly the perfect gift for the believer who is interested in studying the Hebrew Tanakh and Aramaic with the Greek B'rith Chadashah (New Testament) and desires to obtain a deeper understanding of what the originators, as well as our Creator was trying to express.

ICPMG2014 - Physical Modelling in Geotechnics Mar 26 2020 The 8th International Conference on Physical Modelling in Geotechnics (ICPMG2014) was organised by the Centre for Offshore Foundation Systems at the University of Western Australia under the auspices of the Technical Committee 104 for Physical Modelling in Geotechnics of the International Society of Soil Mechanics and Geotechnical Engineering. This quadrennial conference is the traditional focal point for the physical modelling community of academics, scientists and engineers to present and exchange the latest developments on a wide range of physical modelling aspects associated with geotechnical engineering. These proceedings, together with the seven previous proceedings dating from 1988, present an inestimable collection of the technical and scientific developments and breakthroughs established over the last 25 years. These proceedings include 10 keynote lectures from scientific leaders within the physical modelling community and 160 peer-reviewed papers from 26 countries. They are organised in 14 themes, presenting the latest developments in physical modelling technology, modelling techniques and sensors, through a wide range of soil-structure interaction problems, including shallow and deep foundations, offshore geotechnics, dams and embankments, excavations and retaining structures and slope stability. Fundamental aspects of earthquake engineering, geohazards, ground reinforcements and improvements, and soil properties and behaviour are also covered, demonstrating the increasing complexity of modelling arising from state-of-the-art technological developments and increased understanding of similitude principles. A special theme on education presents the latest developments in the use of physical modelling techniques for instructing undergraduate and postgraduate students in geotechnical engineering.

Objects, Bodies and Work Practice Jan 24 2020 What role do material objects play in the in-situ, embodied and spatial circumstances of interaction? How do people organize their embodied conduct with regard to such objects, and how is this consequential in and for their work practices? In this volume, contributors focus on these questions in terms of connections between ongoing courses of interaction within work practices, object materiality and mobility in space, bodily movement and manipulation of objects, and language. The chapters in this book address a broad range of settings and actions (including dressmaking, foreign language teaching, international business meetings and forklift driving) where a variety of objects become relevant.

Archeologia e Calcolatori, 30, 2019 Feb 23 2020 Il volume 30 di «Archeologia e Calcolatori» si apre con un inserto speciale, dedicato al trentennale della rivista. Alle introduzioni di F. Djindjian e di P. Moscati, che delineano un quadro dell'informatica archeologica nel suo divenire, seguono gli articoli dei membri del Comitato di Redazione, a testimoniare l'attività di ricerca e di sperimentazione che ha caratterizzato il cammino editoriale della rivista, e il contributo di una giovane laureata dell'Università Bocconi, che ha lavorato a stretto contatto con il team di «Archeologia e Calcolatori». Nella parte centrale sono pubblicati gli articoli proposti annualmente dagli autori. Ne emerge un quadro che rappresenta gli aspetti applicativi più qualificanti dell'informatica archeologica (le banche dati, i GIS, le analisi statistiche, i sistemi multimediali), ma che guarda oggi con sempre maggiore interesse agli strumenti di visualizzazione scientifica e di comunicazione delle conoscenze. Il volume si chiude con gli Atti del XII Workshop ArcheoFOSS (Free, Libre and Open Source Software e Open Format nei processi di ricerca archeologica), un'iniziativa lodevole, nata nel 2006, cui si è più volte dato spazio nelle pagine della rivista.

History of Chinese Folk Literature Oct 21 2019 This book mainly addresses the position, function, influence, and values of folk oral literature in the history of Chinese literature. Divided into 14 chapters, it systematically covers central aspects of folklore literature such as ballads, folk songs, Bianwen, Zajuci, Guzici, Zhugongdiao, Sanqu, Baojuan, Tanci, Zidishu, and so on from the Pre-Qin to the late Qing Dynasties, filling several gaps in literary history studies. It is a comprehensive literary work, and many of the materials cited here are rare and difficult to find. In addition, the book proposes some important theories, especially six highly generalized qualities of folk literature, namely that it is: popular, collective, oral, fresh, effusive, and innovative. With detailed, extensive materials, and quotations, the book represents the most systematic and comprehensive work to date on ancient Chinese folk literature. It is mutually complementary with Guowei Wang's A Textual Research of the Traditional Chinese Opera in the Song and Yuan Dynasties and Xun Lu's A Brief History of Chinese Fiction; all three works are regarded as the most essential classics for researching the history of Chinese literature.

Math Workbook For Kids With Dyscalculia. A Resource Toolkit Book with 100 Math Activities to Help Overcome Difficulties with Numbers. Volume 3. Black & White Edition. Feb 17 2022 Math Workbook For Kids With Dyscalculia. A resource toolkit book with 100 math activities to overcoming difficulties with numbers. Volume 3. Black & White Edition. Dyscalculia is a learning disability in mathematics. People with struggles in math on many levels. They often have trouble with important concepts like major and minor. They may have difficulty solving simple exercises and with more abstract mathematical concepts. The signs of dyscalculia are not always easy to identify. This checklist tells you what the signs of dyscalculia are at different ages, such as difficulty counting and number sense. Be aware that all children may have trouble with math from time to time. However, those with dyscalculia have much more difficulty than other children their age. In this book you will find activities for children between the ages of seven and nine based on Recalling the Numbers Missing Numbers Back Counting Ascending and Descending Order What comes before, after, and between Numbers - Smaller or Larger Numbers - Greater or Less Place Value Numbers in Words Ordinal Numbers Numbers More Than Hundred Missing Numbers Ascending and Descending Order What comes before, after, and between Smaller or Larger, Greater And many more activities that will allow you to have enough resources to practice math. Brainchild is a brand that helps educators and parents with resources to improve the performance and skills of their students and children.

Death Note, Vol. 4 May 08 2021 With two Kiras on the loose, L asks Light to join the task force and pose as the real Kira in order to catch the copycat. L still suspects Light and figures that this is the perfect excuse to get closer to his quarry. Light agrees to the plan in order to have free access to the task force resources. But when Light manages to contact the new Kira, he discovers that his rival is anything but as expected. Will Light escape from love unscathed? -- VIZ Media

The Publishers' Trade List Annual Mar 06 2021

Intelligent Autonomous Systems 13 Nov 02 2020 This book describes the latest research accomplishments, innovations, and visions in the field of robotics as presented at the 13th International Conference on Intelligent Autonomous Systems (IAS), held in Padua in July 2014, by leading researchers, engineers, and practitioners from across the world. The contents amply confirm that robots, machines, and systems are rapidly achieving intelligence and autonomy, mastering more and more capabilities such as mobility and manipulation, sensing and perception, reasoning, and decision making. A wide range of research results and applications are covered, and particular attention is paid to the emerging role of autonomous robots and intelligent systems in industrial production, which reflects their maturity and robustness. The contributions have been selected through a rigorous peer-review process and contain many exciting and visionary ideas that will further galvanize the research community, spurring novel research directions. The series of biennial IAS conferences commenced in 1986 and represents a premiere event in robotics.

Gopro Karma Drone: Learning the Basics Aug 11 2021 The GoPro Karma Drone is the first foldable drone. The announcement was made in December of 2015, but the long-awaited GoPro is not yet up for purchase until October of this year. It is lightweight and easy to use when compared to other drones currently on the market. It is a professional-grade drone that can be used by anyone and comes with its own backpack. In addition, the GoPro Karma drone requires no assembly, simply remove from the backpack, unfold the propeller and you are ready to use. The parts can be easily replaced if damaged and the GoPro Karma is able to stand up to everyday wear- and- tear.

The Best-Kept Secret Sep 12 2021 At the request of her readers, Kimberla Lawson Roby is giving another airing to one of her most popular characters, Curtis Black, who was introduced in Casting the First Stone and who continued his escapades in Too Much of a Good Thing. Kimberla Lawson Roby's readers can't get enough of the Reverend Curtis Black, that self-justifying, greedy, womanizing flimflam man who is one of the biggest rascals ever to step into a church. In this outing, Curtis is starting over. He has a new job and a new wife, and of course he's convinced himself that this time he'll be good. But Curtis hasn't ever made a promise he could keep, and before long, he's up to his old tricks. The difference now is his third wife. She's unlike any woman Curtis has met before. And for the first time in his life, Curtis just might have met his match. Watch the sparks fly!

Black Seeds (Nigella sativa) Sep 19 2019 Black Seeds (Nigella sativa) is a comprehensive resource covering all aspects of this medicinal plant, well-known for its positive effects in many human ailments. It has been used to promote health and fight diseases, and has been found to have antioxidant, antihypertensive, anti-diabetic, anti-inflammatory, and analgesic effects. It has also been known to have antimicrobial, anticancer, neuro-protectant, cardio protectant, immunomodulator, hepatic protectant characteristics. Thymoquinone, the active compound of the plant, also exhibits these protective qualities against many disorders. This book summarizes the effect of this plant on all the organ systems of the body. Black Seeds (Nigella sativa) is a comprehensive resource for researchers working in pharmacology, food chemistry and pharmaceutical chemistry, both in industry and academia. Contains global coverage of the latest research on the pharmacological properties of Nigella sativa Includes the medicinal effects of Nigella sativa: antioxidant, antihypertensive, anti-diabetic, anti-inflammatory, antimicrobial, and anticancer effects among many others Features many figures with mechanisms and tables to illustrate key details about Nigella sativa

Shooter's Bible, 110th Edition Aug 31 2020 Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications, as well as for thousands of guns that have been in production and are currently on the market. Nearly every firearms manufacturer in the world is included in this renowned compendium. The 110th edition also contains new and existing product sections on ammunition, optics, and accessories, along with updated handgun and rifle ballistic tables and extensive charts of currently available bullets and projectiles for handloading. With a timely feature on the newest products on the market, and complete with color and black-and-white photographs featuring various makes and models of firearms and equipment, the Shooter's Bible is an essential authority for any beginner or experienced hunter, firearm collector, or gun enthusiast.

The Athenaeum Jul 10 2021

Death Note 3 Sep 24 2022 When high school student Light Yagami finds the Death Note, a notebook dropped by a Shinigami death god, he discovers that any person whose name is written in it dies, so Light decides to use the notebook to rid the world of evil.

The Photographer's Guide to Drones, 2nd Edition Oct 13 2021 **Learn to master your drone—the gear, the technique, the photography, the video—and create jaw-dropping visuals!**

Over the last few years, drones and quadcopters have become the hottest new gear in photography, whether you're a professional photographer or an amateur shooter. These "flying tripods" have given photographers the ability to place their cameras virtually anywhere they want, creating still images and video footage that was previously impossible to capture. Many photographers have a drone or quadcopter right at the top of their "I want" list. And many others have already purchased a drone but haven't mastered its use yet.

No matter what model you may own—whether that's a popular Mavic, Mini, Air, or Phantom from DJI, or another brand—you need to learn how to put this new gear to good use in your aerial photography. You need to learn how to safely operate and fly a drone, how to create compelling photos and video, and how to make your work stand out from the crowd.

In this fully updated and revised edition of the bestselling first edition, photographer and bestselling author Colin Smith guides you toward mastering your drone and creating powerful and impactful imagery. Featuring his award-winning and beautiful aerial photography throughout the book, Colin will teach you:

- How to fly a drone, including practice flight patterns and controller tips that will help you master the basics
- New rules of composition for aerial photography as they apply to drone and quadcopter imagery
- How to create the best files for both still photos and video
- Post-processing techniques—both basic workflow and advanced techniques—unique to aerial photography that you need to know, such as how to make videos look both dynamic and smooth

You'll learn everything you need to know about drones and quadcopters in order to take your photography to new levels...literally!

Table of Contents

Chapter 1: Safety and Regulations

Chapter 2: Drones and Gear

Chapter 3: Flight School

Chapter 4: Shooting Photographs with a Drone

Chapter 5: Shooting Video with Drones

Chapter 6: Basic Photo Workflow in Lightroom or ACR

Chapter 7: Advanced Photo Editing

Chapter 8: Editing Aerial Video

Death note Oct 25 2022 Peut-on choisir qui doit vivre ou mourir ? Light Yagami, un brillant lycéen, découvre le mystérieux carnet d'un dieu de la Mort et son terrible pouvoir : tous ceux dont le nom y est inscrit sont condamnés à mourir ! Light, en bon justicier, se met en tête de débarrasser la société de tous les criminels et d'instaurer un nouvel ordre moral ! Mais L, un mystérieux enquêteur va se dresser sur sa route...! Un thriller psychologique implacable !.

UR:BAN Human Factors in Traffic Jul 30 2020 The UR:BAN MV project funded by the German Federal Ministry for Economic Affairs and Energy BMWi focused specifically on the user of future vehicle assistance and information systems. In the case of advanced driver assistance systems for urban areas, the primary emphasis is safety in combination with efficiency and comfort. Research institutes and automotive industry have investigated human-vehicle interaction and behaviour of different traffic participants. This book gives a unique and comprehensive insight into the results. Driver assistance and information systems were optimized for use in urban settings. Furthermore, innovative test regimes for controllability testing and new evaluation techniques like networked simulators and virtual reality test-beds are described including statistical methodologies.

A+ Guide to IT Technical Support (Hardware and Software) Jun 28 2020 This step-by-step, highly visual text provides a comprehensive introduction to managing and maintaining computer hardware and software. Written by best-selling author and educator Jean Andrews, A+ Guide to IT Technical Support, 9th Edition closely integrates the CompTIA+ Exam objectives to prepare you for the 220-901 and 220-902 certification exams. The new Ninth Edition also features extensive updates to reflect current technology, techniques, and industry standards in the dynamic, fast-paced field of PC repair and information technology. Each chapter covers both core concepts and advanced topics, organizing material to facilitate practical application and encourage you to learn by doing. The new edition features more coverage of updated hardware, security, virtualization, new coverage of cloud computing, Linux and Mac OS, and increased emphasis on mobile devices. Supported by a wide range of supplemental resources to enhance learning with Lab Manuals, CourseNotes online labs and the optional MindTap that includes online labs, certification test prep and interactive exercises and activities, this proven text offers students an ideal way to prepare for success as a professional IT support technician and administrator. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sensors and Techniques for 3D Object Modeling in Underwater Environments Aug 19 2019 This book is a printed edition of the Special Issue "Sensors and Techniques for 3D Object Modeling in Underwater Environments" that was published in Sensors Death Note, Vol. 5 Apr 07 2021 After a week locked up with no one but Ryuk for company, Light is ready to give up his Death Note and all memories of it. Freed from his past actions, Light is convinced he's innocent. But L is ready to keep Light under lock and key forever, especially since the killings stopped once Light was incarcerated. Then a new wave of Kira crimes hits Japan. Someone else has gotten their hands on a Death Note, and these new deaths aren't focused on making the world a better place, they're focused on making money. Big business can be murder, and Kira has gone corporate! -- VIZ Media

Interpretable Machine Learning Apr 19 2022 This book is about making machine learning models and their decisions interpretable. After exploring the concepts of interpretability, you will learn about simple, interpretable models such as decision trees, decision rules and linear regression. Later chapters focus on general model-agnostic methods for interpreting black box models like feature importance and accumulated local effects and explaining individual predictions with Shapley values and LIME. All interpretation methods are explained in depth and discussed critically. How do they work under the hood? What are their strengths and weaknesses? How can their outputs be interpreted? This book will enable you to select and correctly apply the interpretation method that is most suitable for your machine learning project.

Devil's Pact - Part 3 of The Iphigenia Black Series Aug 23 2022

Conservation Drones Jun 09 2021 This book aims to further build capacity in the conservation community to use drones for conservation and inspire others to adapt emerging technologies for conservation.

Shooter's Bible - 114th Edition Apr 26 2020 Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications, as well as for thousands of guns that have been in production and are currently on the market. With more than seven million copies sold, this is the must-have reference book for gun collectors and firearm enthusiasts of all ages. Nearly every firearms manufacturer in the world is included in this renowned compendium. The 114th edition also contains new and existing product sections on ammunition, optics, and accessories, along with updated handgun and rifle ballistic tables and extensive charts of currently available bullets and projectiles for handloading.

Bridge Maintenance, Safety, Management, Life-Cycle Sustainability and Innovations Oct 01 2020 Bridge Maintenance, Safety, Management, Life-Cycle Sustainability and Innovations contains lectures and papers presented at the Tenth International Conference on Bridge Maintenance, Safety and Management (IABMAS 2020), held in Sapporo, Hokkaido, Japan, April 11–15, 2021. This volume consists of a book of extended abstracts and a USB card containing the full papers of 571 contributions presented at IABMAS 2020, including the T.Y. Lin Lecture, 9 Keynote Lectures, and 561 technical papers from 40 countries. The contributions presented at IABMAS 2020 deal with the state of the art as well as emerging concepts and innovative applications related to the main aspects of maintenance, safety, management, life-cycle sustainability and technological innovations of bridges. Major topics include: advanced bridge design, construction and maintenance approaches, safety, reliability and risk evaluation, life-cycle management, life-cycle sustainability, standardization, analytical models, bridge management systems, service life prediction, maintenance and management strategies, structural health monitoring, non-destructive testing and field testing, safety, resilience, robustness and redundancy, durability enhancement, repair and rehabilitation, fatigue and corrosion, extreme loads, and application of information and computer technology and artificial intelligence for bridges, among others. This volume provides both an up-to-date overview of the field of bridge engineering and significant contributions to the process of making more rational decisions on maintenance, safety, management, life-cycle sustainability and technological innovations of bridges for the purpose of enhancing the welfare of society. The Editors hope that these Proceedings will serve as a valuable reference to all concerned with bridge structure and infrastructure systems, including engineers, researchers, academics and students from all areas of bridge engineering.

Computer Vision - ECCV 2014 Workshops Dec 03 2020 The four-volume set LNCS 8925, 8926, 8927, and 8928 comprises the refereed post-proceedings of the Workshops that took place in conjunction with the 13th European Conference on Computer Vision, ECCV 2014, held in Zurich, Switzerland, in September 2014. The 203 workshop papers were carefully reviewed and selected for inclusion in the proceedings. They were presented at workshops with the following themes: where computer vision meets art; computer vision in vehicle technology; spontaneous facial behavior analysis; consumer depth cameras for computer vision; "chlearn" looking at people: pose, recovery, action/interaction, gesture recognition; video event categorization, tagging and retrieval towards big data; computer vision with local binary pattern variants; visual object tracking challenge; computer vision + ontology applies cross-disciplinary technologies; visual perception of affordance and functional visual primitives for scene analysis; graphical models in computer vision; light fields for computer vision; computer vision for road scene understanding and autonomous driving; soft biometrics; transferring and adapting source knowledge in computer vision; surveillance and re-identification; color and photometry in computer vision; assistive computer vision and robotics; computer vision problems in plant phenotyping; and non-rigid shape analysis and deformable image alignment. Additionally, a panel discussion on video segmentation is included. .
