[On the Fly!](#) Nov 24 2019 The first anthology of its kind, On the Fly! brings forth the lost voices of Hobohemia. Dozens of stories, poems, songs, stories, and articles produced by hoboese are brought together to create an insider history of the subculture's rise and fall. Adrenaline-charged tales of train hopping, scams, and political agitation are combined with humorous and satirical songs, razor sharp reportage and unique insights into the lives of the women and men who crisscrossed America in search of survival and adventure. From iconic figures such as labor martyr Joe Hill and socialist novelist Jack London through to pioneering blues and country musicians, and little-known correspondents for the likes of the Hobo News, the authors and songwriters contained in On the Fly! run the full gamut of Hobohemia's wide cultural and geographical embrace. With little of the original memoirs, literature, and verse remaining in print, this collection, aided by a glossary of hobo vernacular and numerous illustrations and photos, provides a comprehensive and entertaining guide to the life and times of a uniquely American icon. Read on to enter a world where hoboese, tramps, radicals, and bums gather in jungles, flop houses, and boxcars; where gandy

dancers, bindlestiffs, and timber beasts roam the rails once more.

Lord of the Flies Oct 28 2022 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

The House-Fly: Musca Domestica Linn Oct 16 2021 This 1914 volume responds rising concerns regarding the role of the house-fly in the dissemination of infectious diseases, and its relationship to unhygienic conditions. Given the role played by the house-fly in these circumstances, it was decided that a thorough study of its entomological and medical significance was required.

ASME Technical Papers Sep 22 2019

Lords of the Fly May 23 2022 "One of the most productive of all laboratory animals, Drosophila has been a key tool in genetics research for nearly a century. At the center of Drosophila culture from 1910 to 1940 was the school of Thomas Hunt Morgan and his students Alfred Sturtevant and Calvin Bridges, who, by inbreeding fruit flies, created a model laboratory creature - the 'standard' fly. By examining the material culture and working customs of Morgan's research group, [the author] brings to light essential features of the practice of experimental science. [This book] takes a broad view of experimental work, ranging from how the fly was introduced into the laboratory and how it was physically redesigned for use in genetic mapping, to how the 'Drosophilists' organized an international network for exchanging fly stocks that spread their practices around the world"--Back cover.

Fly Paper and Other Stories Apr 22 2022 Whether chasing debutants or gunning down killers, the legendary Continental Op doesn't miss a beat, in this collection of short stories from master of noir fiction Dashiell Hammett From the day she was born, Sue Hambleton has wanted to tell her family to go to hell. Bred to be a debutante, Sue's more at home in the back alleys of the Bowery than the ballrooms of Fifth Avenue. When she's finally old enough, she bolts, shacking up with a series of machine-gun artists, killers, and thieves in a debauched spree that takes her across the country and out of her family's shadow. But when she finally surfaces in San Francisco, she becomes the Continental Op's problem—the deadliest problem he will ever have. Years of working as a private investigator gave Dashiell Hammett unique insight into life at the edge of the underworld. In "Fly Paper," "The Farewell Murder," and "Death and Company," this pioneer of the hardboiled is shown at his very best.
