Dyadic Coping: A Collection of Recent Studies Jan 23 2022 Dyadic coping is a concept that has reached increased attention in psychological science within the last 20 years. Dyadic coping conceptualizes the way couples cope with stress together in sharing appraisals of demands, planning together how to deal with the stressors and engage in supportive or joint dyadic coping. Among the different theories of dyadic coping, the

Systemic Transactional Model (STM; Bodenmann, 1995, 1997, 2005) has been applied to many studies on couples' coping with stress. While a recent meta-analysis shows that dyadic coping is a robust and consistent predictor of relationship satisfaction and couple's functioning in community samples, some studies also reveal the significance of dyadic coping in dealing with psychological disorders (e.g., depression, anxiety) or severe illness (e.g., cancer, diabetes, COPD, etc.). Researchers all over the world build their research on this or other concepts of dyadic coping and many typically use the Dyadic Coping Inventory (DCI) for assessing dyadic coping. So far, research on dyadic coping has been systematically presented in two books, one written by Revenson, Kayser, & Bodenmann in 2005, focussing on emerging perspectives on couples' coping, the other by Falconier, Randall, & Bodenmann more recently in 2016, addressing intercultural aspects of dyadic coping in African, American, Asian and European couples. This eBook gives an insight into recent dyadic coping research in different areas and countries.

Handbook of Anger Management and Domestic Violence Offender Treatment Jul 05 2020 Ronald T. Potter-Efron consciously connects anger management and domestic violence, two long separated fields, and addresses treatment options and intervention methods that meet the needs of individual clients, couples, families, and groups. Therapists, counselors, social workers, and other treatment specialists will find this book a useful overview and reference for anger and anger management techniques as well as domestic violence approaches. This new edition is split into four distinct sections: • A description of anger and domestic violence focused upon helping clients use the principles of neuroplasticity to dramatically alter their behavior • Assessment for anger problems and/or domestic violence • Group treatment for individuals with anger problems and/or domestic violence • Individual, couples, and family treatment of these concerns. Woven through this book is a fair and balanced treatment of gender issues, reflected in the diversity of case examples that address jealousy, chronic anger, behavioral problems, group and individual counseling, and more. Readers are also shown how anger develops and can lead to verbal and physical outbursts, the five types of rage reactions, and how to treat anger turned inward. Potter-Efron also details four different approaches to treating anger: behavioral, cognitive, affective, and existential/spiritual. Mental health professionals are provided numerous questionnaires and worksheets to utilize with their clients. **Handbook of Anger Management and Domestic Violence Offender Treatment** is an essential guidebook that illustrates effective theory and practice.

Cognitive-Behavioral Therapy for Anger and Aggression in Children Jul 25 2019 This highly practical book presents an evidence-based individual therapy approach for children and adolescents experiencing anger problems. Comprising 10 child sessions and three parent sessions, the treatment addresses anger management, problem solving, and social skills. Sessions are described in step-by-step detail, complete with helpful case examples and therapist scripts. The authors show how to flexibly implement a range of cognitive and behavioral strategies while maintaining treatment fidelity. Reproducibles include 38 worksheets and handouts, plus therapist checklists and parent forms, all in a convenient large-size format for easy photocopying.

Instant Anger Management May 27 2022 Quick and easy-to-learn strategies for dealing with anger on the spot! If you struggle with problem anger, you know how much it can hurt

You'll also find tips and strategies to help you maintain a more positive outlook on life. Packed with skills to help you: Express yourself in healthy ways Deal with frustration Find validation for your emotions Handle feelings of regret Stop being defensive

Ironman Jan 11 2021 Bo Brewster has been at war with his father for as long as he can remember. Following angry outbursts at his football coach and English teacher that have cost him his spot on the football team and moved him dangerously close to expulsion from school, he turns to the only adult he believes will listen: Larry King. In his letters to Larry, Bo describes his quest for excellence on his own terms. No more coaches for me, he tells the talk show icon, no more dads. I'm going to be a triathlete, an Ironman. Relegated to Mr. Nak's before-school Anger Management group (which he initially believes to be populated with future serial killers and freeway snipers), Bo meets a hard-edged, down-on-their-luck pack of survivors with stainless steel shields against the world that Bo comes to see are not so different from his own. It is here he meets and falls in love with Shelly, a future American Gladiator, whose passion for physical challenge more than matches his. Ironman is a funny, sometimes heartbreaking story about growing up in the heart of struggle. It is about standing up, getting knocked down, and standing up again. It is about being heard--and learning to listen.

Anger Management Best Practice Handbook Sep 26 2019 Get Rid Of Anger Fast, Don't let anger control your life and Stop hurting the ones you love. A huge revision from the First Edition, which is a bestseller, with lots of extra chapters such as Anger Management for Teens, Domestic Violence, Self Assessment Test and much much more. This book covers all the Methods of Anger Management for a balanced approach to managing anger, which both controls the emotion and allows the emotion to express itself in a healthy way. Some descriptions of actions of anger management you'll learn to manage and control anger through activities within this book are: * Direct, such as not beating around the bush, making behaviour visible and conspicuous, using body language to indicate feelings clearly and honestly, anger directed at persons concerned. * Honorable, such as making it apparent that there is some clear moral basis for the anger, being prepared to argue your case, never using manipulation or emotional blackmail, never abusing another person's basic human rights, never unfairly hurting the weak or defenseless, taking responsibility for actions. * Focused, such as sticking to the issue of concern, not bringing up irrelevant material. * Persistent, such as repeating the expression of feeling in the argument over and over again, standing your ground, self defense. * Courageous, such as taking calculated risks, enduring short term discomfort for long term gain, risking displeasure of some people some of the time, taking the lead, not showing fear of other's anger, standing outside the crowd and owning up to differences, using self-protective skills. * Passionate, such as using full power of the body to show intensity of feeling, being excited and motivated, acting dynamically

and energetically, initiating change, showing fervent caring, being fiercely protective, enthusing others. * Creative, such as thinking quickly, using more wit, spontaneously coming up with new ideas and new views on subjects. * Forgiving, such as demonstrating a willingness to hear other people's anger and grievances, showing an ability to wipe the slate clean once anger has been expressed. * Listening, to what is being said to you. Anger creates a hostility filter, and often all you can hear is negatively toned. A common skill this book and most anger management programs teach is learning assertive communication techniques. Assertive communication is the appropriate use of expressing feelings and needs without offending or taking away the rights of others. It is typically started with the use of "I" statements followed by a need statement. For example, "I feel upset when you don't take my feelings into consideration when you talk about your past relationships. I hope you can be more thoughtful and know what you should and should not say the next time." With regard to interpersonal anger for example, this book recommends that people try, in the heat of an angry moment, to see if they can understand where the alleged perpetrator is coming from. Empathy is very difficult when one is angry but it can make all the difference in the world. Taking the other person's point of view can be excruciating when in the throes of anger, but with practice it can become second nature. The main issue of anger management is that anger is regarded as an incorrect projection of the mind, so that insight can ultimately correct the mind and eliminate anger completely. This book helps you gain that insight - it's first edition is a bestseller, this second edition is even better, revised and extended.

Treatments for Anger in Specific Populations Apr 01 2020 Treatments for Anger in Specific Populations provides information and instruction on empirically supported interventions for anger in various clinical contexts, including substance abuse, PTSD, the intellectually disabled, borderline personality disorder, children and adolescents, and others.

Anger Management Jul 29 2022 Provides information for mental health practitioners on the basics of anger and anger disorder, and describes an anger management program that can be modified for use in private practice or institutional settings.

Anger, Rage and Relationship Jun 23 2019 Anger, Rage and Relationship presents a radically new way to understand and work with anger and rage issues. Taking a relational approach to anger and rage, the book presents a positive view of human nature, supported by recent research findings and illustrated with case studies, with individuals trusted to be essentially pro-social. Rather than promoting strategies and techniques for eradicating anger, Sue Parker Hall, puts forward an approach which seeks to not only work with, but to differentiate between, anger and rage. Anger and rage are constructed as entirely different phenomena, originating at different developmental stages, having different functions and relational needs and requiring different aspects of relationship in the therapeutic process. Further areas of discussion include: the positive aspects of anger practitioner protection the therapeutic implications of working with both anger and rage This book will provide invaluable reading for practitioners dealing with anger and rage in the therapeutic setting, as well as being of great interest to all counsellors and therapists in the related field.

Hot Stuff to Help Kids Chill Out Sep 30 2022 Shows how to recognize feelings of anger, discusses how angry feelings are created, and suggests ways to calm down and deal with the emotion.

Anger Management for Substance Abuse and Mental Health Clients Nov 01 2022

Anger Management Oct 20 2021 Identify what's setting you off and why. Find the calm while navigating the (inevitable) storm. And relinquish toxic anger in your life—for good! Anger Management is a practical and down-to-earth program that will teach you not only to understand your own anger, but, perhaps just as importantly, how to deal with the angry behavior of others. It details the role anger and conflict play in day-to-day interactions at home, at work and in social environments. Real-life examples discuss anger that erupts in intimate relationships, on the road, on the job with coworkers, or when dealing with people who are rude, irritating or intimidating. Anger Management also provides two unique sections. The first describes the psychology and behavior of predatory people; the other teaches you how to deal with situations where remaining cool under pressure can be a vital survival tactic. Anger Management is one of the most comprehensive and easy-to-follow anger-management programs available today. It is the ultimate self-help guide, but also an invaluable resource for corporate human resources departments in any business where tension and conflict occur during negotiations or in customer-service interactions.

Anger Management Mar 13 2021 Do you work with angry children? Are you wondering why young people don't listen when they are angry? Are you exhausted from trying to understand angry behaviour? Are you having difficulty finding specialist help as soon as you need it? Anger Management is a practical guide that will help you to stay calm in the

face of angry outbursts from children and young people, and support them in learning to manage their anger better. Written by chartered psychologists with extensive experience in the field, this helpful book will: increase your understanding of anger; offer you a range of practical management interventions; help you to manage your own behaviours to build more effective relationships; reduce the stress experienced by staff and parents who lack confidence in the face of aggressive behaviour. With stress and anger levels amongst young people at an all-time high, this third edition of Anger Management is particularly timely. It reflects significant developments in the fields of neuropsychology and our understanding of the physiology of emotions, as well as updated research into attachment theory, resilience, Acceptance and Commitment therapy and positive psychology. New sections include the importance of teaching forgiveness, gratitude and compassion, Mindfulness, the benefits of exercise, practical advice for Teaching Assistants and a 'how to' guide to managing risk. The book also discusses the revised Code of Practice for children and young people with Special Educational Needs and Disabilities (SEND 2014) and explores the implications of these changes for practitioners. Containing helpful worksheets, examples, explanations and practical advice, Anger Management provides targeted support for anyone working directly with children and young people to enable you to cope with angry behaviour in the best way possible, which is crucial for the wellbeing of adult and child alike. This book will prove invaluable to teachers as well as parents, teaching assistants, carers, psychologists, social workers and health care workers.

Calming the Family Storm Aug 06 2020 A practical guide to help families deal effectively with anger includes strategies for anger control, problem solving techniques to avoid conflict, and a tool kit for discipline without anger.

Anger Management for Everyone Aug 30 2022 “A practical, easy-to-follow guide to getting control of your anger so that you can live a more productive life today. ... Rather than get angry, get this book.” —Robert L. Leahy, PhD, director of the American Institute for Cognitive Therapy We all get angry sometimes. But if you feel angry all of time—and if your anger makes others uncomfortable, creates distance in your relationships, disrupts your ability to think clearly and make good decisions, or otherwise results in behaviors that you regret or find embarrassing later—it’s time to make a change. Written by two clinical psychologists with decades of experience using cognitive behavioral interventions to treat anger, *Anger Management for Everyone* provides a comprehensive, research-based program to keep anger in its place. This revised and updated second edition includes new information on the environmental effects on anger, such as hunger and sleep; new progressive muscle relaxation and mindfulness exercises; and new strategies and tips for improving social and interpersonal skills. With the authors’ enhanced “Anger Episode Model,” and the ten proven-effective skills for anger management in this helpful guide, you’ll come to better understand and control your problem anger, learn how to cope with everyday disappointments and frustrations, and experience more happiness, success, and vitality in all areas of your life.

The Practitioner’s Guide to Anger Management Oct 08 2020 The SMART approach to treating problem anger As a therapist, you know that every client experiences anger in a different way. That’s why it’s so important to customize your treatment plan using the best tools available. Based on Howard Kassinove and Raymond C. Tafrate’s innovative and modular SMART (Selection Menu for Anger Reduction Treatment) model for treating anger, this groundbreaking professional’s manual offers an array of strategies to help you create an individualized treatment plan tailored to your client and their specific needs. With this powerful, evidence-based guide, you’ll learn how to help clients understand and manage unhealthy anger. You’ll find motivational interviewing techniques, strategies for engaging clients in therapy, and tools for incorporating different treatment methods—such as acceptance and commitment therapy (ACT), mindfulness, and cognitive-behavioral therapy (CBT)—into your sessions. Also included is direction for case formulation and treatment planning, as well as links to downloadable handouts, worksheets, and sample scripts that can be incorporated into real-world sessions. Using the effective SMART model outlined in this book, you can help your clients gain control over anger, successfully regulate their emotions, and live better lives. Discover SMART interventions to help clients:
Identify and alter anger triggers Enhance motivation and awareness Overcome impulsive urges Alter lifestyle habits Build distress tolerance Improve communication skills

A Practical Approach to Cognitive Behaviour Therapy for Adolescents Jul 17 2021 This volume discusses adolescent mental health concerns in non-Western contexts and situations, ranging from common mental disorders to building life skills. It combines previous literature and empirical work on various disorders to provide a comprehensive account of cognitive behaviour therapy (CBT) for adolescents. The volume covers a wide spectrum of conditions, ranging from anxiety to affective disorders and other associated disorders. It gives a practical guide to the management of disorders with specific focus on

case vignettes, outlining session details and specific techniques to be used throughout the intervention plan. A detailed appendix elaborating various CBT techniques is included in the volume. It presumes a basic understanding and training in mental health care and psychotherapy and is useful for professionals: psychologists, counsellors, paediatricians and other practitioners in the field of mental health. It is also useful as a text for courses in health psychology, clinical psychology, adolescent medicine and adolescent psychology.

Handbook of Anger Management Jun 27 2022 Provides therapists and counsellors with a comprehensive review of anger and aggression management techniques, presenting specific guidelines to a number of immediately useful methods, detailing treatment options and intervention methods that meet the needs of individual clients, couples, families, and groups. It examines rage, aggression, hostility, resentment, hatred, anger avoidance, and chronic anger and includes fact-based case studies that illustrate effective theory and practice. A process for assessing anger in their clients and determining the reasons for - and the consequences of - anger and aggression is suggested. Individual and group modalities are examined, using behavioural, cognitive, affective, and existential/spiritual treatment approaches to define anger and anger problems and how they relate to social learning, to examine the relationship between anger and aggression and between anger and domestic violence, and to address the concept of "healthy anger." Other topics covered include : four major intervention areas that can help lessen anger; the pros and cons of group versus individual counselling; treating angry children, adolescents, and families; how patterns of resentment and hatred are developed; self-forgiveness; five damaging aspects of anger turned inward; and the neurological aspects of anger.

Anger Management For Dummies Aug 18 2021 Your one-stop guide to anger management Anger is a completely normal, healthy human emotion. But when it gets out of control and turns destructive, it can lead to problems—at work, in personal relationships, and in the overall quality of life. *Anger Management For Dummies* provides trusted and authoritative information on anger management methods, skills, and exercises that will help you or a loved one identify sources of anger and release them healthily. Anger has become one of the most intimate issues in today's world – as life, in general, has become increasingly stressful. . *Anger Management For Dummies* shows you how anger is often a bi-product of other more primitive emotions, such as fear, depression, anxiety, and stress, and arms you with the strategies that can help you conquer them. Inside, you'll discover how to overcome obstacles to change, rethink rage, confront anger head-on with healthier responses, and much more. Features new and updated coverage on road rage, air rage, office rage, and dealing with angry children Introduces you to new cognitive strategies for changing angry thinking Explains the difference between anger and aggression Shows you how to effectively and safely deescalate difficult people and situations With the tools, tips, and strategies provided in this hands-on guide, you'll find everything you need to overcome anger and live a happier, more productive life.

Strategies for Anger Management May 03 2020

The Anger Management Workbook for Teen Boys May 15 2021 CBT skills for coping with angry thoughts, expressing your emotions, and putting an end to angry outbursts—once and for all. Being a young man is tough, and you're not always equipped to deal with the ongoing challenges of school, work, family, and relentless peer pressure. First of all, it's not

all your fault. Our society encourages boys to repress their emotions—both positive and negative. You may have been told to “suck it up,” or “just be a man.” But burying your emotions can make it extremely difficult to express yourself, be heard, and feel like your needs are being met. The result is a frustration that builds and boils over into anger. The good news is there’s an easy-to-learn method for managing your anger and expressing your emotions in a healthy way. Written by an expert in anger with decades of experience working with teens, this book provides you with the tools you need for effective anger management, as well as essential skills for getting in touch with and communicating your thoughts and feelings. You’ll learn to understand the emotions that trigger anger, build up your emotional vocabulary to better express your feelings, and focus on the positive. You’ll also discover anger-reduction techniques to stay cool when anger intensifies, so you put out the fire and get to a place of calm. This workbook is packed with tips and tricks to help you: Replace unhelpful anger with clear communication Break the habit of catastrophizing and personalizing Reduce the overwhelming physiological response of anger Channel the positive power of anger With the right tools, you can take charge of your anger—and your life. This workbook will show you how. In these increasingly challenging times, kids and teens need mental health resources more than ever. With more than 1.6 million copies sold worldwide, Instant Help Books are easy to use, proven-effective, and recommended by therapists.

Anger Management Games for Children Oct 27 2019 This book helps adults to understand, manage and reflect on children's anger. Featuring a wealth of games, it is designed to foster successful anger management strategies for children aged 5-12. It covers the theory behind the games, and includes a broad range of activities: active and passive, verbal and non-verbal, and for different sized groups.

Anger Management For Dummies Jun 03 2020 Learn to mitigate your anger and take charge of your life Everyone experiences anger from time to time, but when left unchecked or unbridled, this normal human emotion can become disruptive and damage relationships. If you’re ready to stop letting anger control your life, turn to *Anger Management For Dummies*. This trusted source gives you tools to identify the source of your anger—whether it’s fear, depression, anxiety, or stress—and offers ways to deal with the “flight or fight” instinct that anger produces, allowing you to release yourself and your life from its grip. *Anger Management For Dummies* outlines specific anger management methods, skills, and exercises that you can use to take control of your feelings and actions. It provides: Information on the different kinds of rage, including road, air, and office A look at Intermittent Explosive Disorder (IED) and how to manage aggression Advice on how to deal with angry children and teens Details on how anger is related to the “fight, flight, or freeze” response of the nervous system and prepares you to fight (for good or bad) Overcoming anger issues requires support, mindfulness, and a bit of practice—all of which this book provides. When you’re ready to face your triggers and change your perspective on the emotions of anger or rage, let *Anger Management For Dummies* give you the helping hand you need.

Anger Management Workbook for Kids Nov 20 2021 The *Anger Management Workbook for Kids* offers kid-friendly exercises and interactive activities to feel happier, calmer, and take control of anger. Everyone gets angry, but teaching kids how to respond to anger is

what really matters. The Anger Management Workbook for Kids offers fun, interactive activities to help kids handle powerful emotions for a lifetime of healthy behavioral choices. We highly recommend it to parents.

Anger Management : The Magic Pill for Anger : A Guide on How to Understand and Manage Anger to Achieve a Happy and Balanced Life Mar 01 2020 This is the Magic Pill that will dissolve your Anger and bring Happiness to your Life. If all negative emotions that we have were compared to different types of bombs, then 'Anger' would be qualified as a Nuclear Bomb! It not only destroys everything in its radius, but its after effects lasts for a long time, just like the radiation of a nuclear explosion. And worse, it carries on to other lifetimes as unfinished business. It is the final destination of our dark side, our negative emotions. Be it hatred, jealousy or dislike, all roads lead here, directly or indirectly. Revenge is the bastard child of Anger and it feeds a vicious and never ending cycle of cause and effect. We must attempt to uproot Anger, and in doing so, hatred and all it's siblings will drop away too. This book will provide the cure to Anger. Like any pill, it must be taken as prescribed, and you will get immense joy in your life!!

Anger Management Guide for Kids Nov 08 2020 IF YOU'RE READING THIS NOW, IT'S NOT A COINCIDENCE. YOU'RE INTERESTED IN LEARNING ABOUT ANGER MANAGEMENT TECHNIQUES THAT WORKS FOR KIDS!! Anger management has

Anger Management Based Alcohol Treatment Mar 25 2022 *Anger Management Based Alcohol Treatment: Integrated Therapy for Anger and Alcohol Use Disorder* is an innovative, hands-on guide that introduces clinicians to research-based anger management skills for treating clients with alcohol use disorder. Research has demonstrated an important influence of anger-related emotions on drinking behavior and risk for relapse among individuals with drinking problems. This book will empower clinicians to address clients' alcohol use and anger emotions through an effective blend of cognitive, relaxation, and sober coping skills. This combination of skills offers clinicians a concrete method for helping clients manage anger-related emotions and disconnect the anger-alcohol linkage, thereby improving clinical outcomes. The book also features useful ideas for client self-monitoring and accessible tools for evaluating progress in treatment. Three case studies are presented and followed to illustrate the full course of treatment. Practical therapeutic techniques are explained and demonstrated through clinical dialogue examples. This book is ideal for developing clinicians, for experienced clinicians looking to enhance skills, and as an instructional text in training programs. Empirically-based sobriety and anger management coping skills that are easily integrated Step-by-step guidance and useful tips for treatment implementation Reproducible handouts, forms, and assessment tools Brief reviews of empirical literature, research findings, and suggested readings Three intensive case studies with detailed examples of clinical dialogue

Mindfulness for Anger Management Apr 13 2021 Mindfulness for Anger Management puts mindfulness into action with transformative skills and real strategies for overcoming anger and taking control of powerful emotions. Mindfulness is more than a philosophy for anger management--it's a daily practice. Transforming wisdom into actionable exercises, Mindfulness for Anger Management equips you with concrete skills and strategies to overcome anger with mindfulness. Dr. Stephen Dansiger, a licensed therapist with 25 years of experience combining evidence-based therapeutic methods and spiritual practices, turns your gaze inward to understand anger triggers and address accompanying thoughts, feelings, and body sensations. With a focus on the real-life areas that anger impacts--home, work, and relationships--the self-reflective exercises and practical tactics in Mindfulness for Anger Management allow you to take control of your emotions and live every moment mindfully. Mindfulness for Anger Management helps you recycle angry energy, see it for what it is, and allow you to manage anger and other difficult emotions with: An introduction to anger management that defines different kinds of anger from frustration and annoyance to aggression and rage, and includes self-assessments to measure your personal anger level. Practical exercises that combine evidence-based emotion regulation techniques with mindfulness skills in self-assessments, checklists, and reflective prompts to equip you to handle anger when it strikes. Real-world applications that focus on how anger affects life, including work, relationships, and personal well-being. Anger is a natural component of our emotional experiences, but it can also consume us if left unchecked. Mindfulness for Anger Management gives you a skill set and mindset that will change your relationship to anger and empower you to run your own life.

The Anger Workbook for Teens Feb 09 2021 Provides strategies and activities for teenagers to manage their anger, describing such tasks as setting goals, creating action plans, making an anger contract, developing listening skills, coping with conflict, and being assertive.

Anger Management Apr 25 2022 Anger Management Book Series #1 Anger can ruin many different things in life, from your health to your career, to relationships and friendships. It's time to get this problem under control. In *Anger Management: 7 Steps to Freedom from Anger, Stress, and Anxiety*, you will learn: Why is Anger a Problem for Society: Anger is a natural, healthy emotion, but what are the costs of it running without control? Our society is becoming increasingly angry, and it's harming not just ourselves, but others. Where Anger Came from: What are the origins of anger? Surely, this prevalent emotion has to have a source. Chapter one will explain this to help you understand where your emotion springs from and how best to handle it. Different Types of Anger: Not all anger is created equal. There's anger at a situation, anger at another person, and anger at ourselves. Understanding these distinctions can help you find healthy ways to deal with the emotion. Handling the Emotion: What are some healthy alternatives to burying your anger or exploding? Throughout this guide, you will be given useful tools for handling the emotion in a balanced, assertive way. By the end of this book, you should have the necessary mental tools for becoming assertive, rather than aggressive, and calm when necessary. If you're tired of being controlled by this unpredictable emotion, take matters into your own hands and read this useful guide.

Lord, Shut Me Up! Anger Management for Christians Dec 30 2019 Sharing her own

lifelong struggle with anger, licensed professional counselor Karen D. Wasoba, MEd, presents *Lord, Shut Me Up* in a conversational, light-hearted manner that makes this difficult topic more palatable. Personal responsibility, acceptance, and spiritual growth are emphasized in the process. *Lord, Shut Me Up* also comes with a helpful study guide to reinforce the subjects taught in this book.

Anger Management for Parents Jun 15 2021 How to stop being so angry as a parent and start learning how to empathize, resolve tantrums calmly, and achieve a more peaceful household, even if you can't seem to stop yelling. When your child is yelling, screaming, not doing as they're told, and running amuck, what's usually your first reaction? Do you: Stare at the wall and wish it would all just go away? Calmly corral them and work through the issue together, as a family team? Yell and scream back, getting both yourself and your child more worked up in the process? If you answered the third option, this book is exactly the guide you need to learn how to avoid those emotional outbursts and teach yourself (and your child in the process) how to work past anger to find resolutions. No parent is perfect. This book won't tell you that you have to be a perfect parent in order to raise a confident child. We're all human, after all. Perfection in parenting is a myth, but what's not a myth is that using anger to control and discipline your children is not only ineffective, it can lead to trauma down the road. All we want is what's best for them, and what we can tell you is that anger is not the ticket. But what can you do when emotions are running high and your first instinct is to start tearing your hair out? That's where anger management comes in. Through the lessons and examples in this book, you'll quickly realize that there are so many other options besides anger that can not only end tantrums and meltdowns, they can also help you bond with your child. *Anger Management for Parents* will help you discover: Exactly what makes parents angry and why anger is the first emotion to spring up What anger is and why it's programmed in us Types of anger that can occur in parenting situations How to connect with your child through compassion instead of scaring them away with anger The best anger management skills for parents And so much more! Being a parent is hard. Learn how to make it easier on yourself and your child. After all, your child is your baby, and don't you want to find out how to give them the best chance at life? Don't you want to raise them to be happy, healthy, and confident? All of that starts with you. All of that starts with how you manage your emotions. If you're ready to end the cycle of screaming and discover a new way to approach parenting, click "add to cart."
