So, afterward you require the book swiftly, you can straight get it. Its thus very simple and appropriately fats, isnt it? You have to favor to in this vent

The Unopposite Sex Nov 07 2020 Argues that gender differences in society are decreasing and that only old prejudices are causing friction between the sexes

What is Sexual History? May 14 2021 Until the 1970s the history of sexuality was a marginalized practice. Today it is a flourishing field, increasingly integrated into the mainstream and producing innovative insights into the ways in which societies shape and are shaped by sexual values, norms, identities and desires. In this book, Jeffrey Weeks, one of the leading international scholars in the subject, sets out clearly and concisely how sexual history has developed, and its implications for our understanding of the ways we live today. The emergence of a new wave of feminism and lesbian and gay activism in the 1970s transformed the subject, heavily influenced by new trends in social and cultural history, radical sociological insights and the impact of Michel Foucault's work. The result was an increasing emphasis on the historical shaping of sexuality, and on the existence of many different sexual meanings and cultures on a global scale. With chapters on, amongst others, lesbian, gay and queer history, feminist sexual history, the mainstreaming of sexual history, and the globalization of sexual history, *What is Sexual History?* is an indispensable guide to these developments.

Sexual and Gender-Based Violence in International Law Nov 27 2019 This book addresses sexual and gender-based violence (SGBV) against women from an international law point of view. It identifies the reasons behind SGBV against women with a specific focus on cultural practices that try to justify it and highlights the legal challenges related to the topic for both national and international justice systems. The seven chapters of the book are: i) Introduction ii) SGBV a global concern; iii) International legal protection; iv) Role of international institutions; v) Role of cultural factors and vi) Challenges vii) Conclusions. In the light of concerted global efforts to bring to an end, or at least severely contain SGBV against women, the book provides a future roadmap to the United Nations system, States, international institutions, multidisciplinary scholars, civil society organizations and other global actors. The book contains a Foreword by Peter Maurer, President of International Committee of the Red Cross (ICRC).

Unsafe Spaces Jun 14 2021 *Unsafe Spaces* reveals the shocking extent of sexual abuse in English and Welsh universities and offers practical solutions to the present crisis and to the culture of disrespect which blights many universities and allows such abuse to continue unchecked.

Sexual Sanity for Women Leader's Guide Oct 19 2021 *Sexual Sanity for Women Leader's Guide* equips facilitators to walk with women through the process of understanding why they struggle with destructive relational and sexual patterns and how the gospel brings change and a new way of living. Each lesson includes leader's notes, answers to questions, and suggestions on how to guide participants in understanding God's good design for sexuality, the underlying reasons they struggle with sexual brokenness, and how the grace and truth of Jesus Christ can be applied to their struggles. The 20-lesson Leader's Guide is meant to be used in conjunction with *Sexual Sanity for Women* for one-on-one mentoring, college age student groups, and women's

groups.

Sexual Morality Apr 24 2022 Informal customs have become the norm for most young adults in matters of sexual intimacy.

Unfortunately, the sexual revolution has not proven to be as beneficial to women as was hoped, and society offers young men little preparation for future roles as husbands and fathers. In this book, Father Piderit argues that a natural law approach to morality provides a grounded pathway toward marriage, and shows why these fairly traditional practices help young people find a partner whom they can realistically promise to love until death do them part. Offering theory but focusing on practice, this book helps young adults understand why sexual intimacy should be reserved for marriage. The first two sections develop the natural law basis for behavior. Father Piderit points out that natural law relies primarily on reason, not religion, and his explanation provides a way to understand a Christian approach to morality as grounded in nature. The final third of the book explores what religious practice and membership in a Christian denomination adds to the natural law approach. Father Piderit uses clear, practical examples to show that positive goals are what motivate human beings. By breaking down the potentially abstract concept of morality into a set of intuitive practices guided by natural law, Father Piderit provides young people and students with the tools to create a positive courtship and, ultimately, a solid marriage based on strong, shared values and mutual respect.

Sex and Politics in South Africa Aug 17 2021 This book tells how South Africa came to lead the world in enshrining sexual equality in our Bill of Rights, which forms part of the Constitution. The achievement, which has been hailed as a model for the rest of the world, did not come about without a long struggle. This was spearheaded by gender activists and movements during the 1980s, whose campaigns on the one hand evoked hostility from the apartheid state and were also dismissed as an irrelevance by

conservative factions within the liberation movement. Indeed, the end of apartheid did not automatically guarantee that sexual equality would be realised, and the book explains how in the end this was achieved. The volume draws upon the rich archive of the Gay and Lesbian association and incorporates fascinating first-hand documents from the time as well as essays by participants in the events and later commentators.

Tackling Sexual Violence at Universities Aug 05 2020 Sexual violence is a problem well beyond universities, however universities are uniquely well placed to contribute to reducing sexual violence, encouraging those affected to come forward and speak about their experiences and actively encourage increased reporting. This book is unique, in that it offers an international perspective on the incidence, reporting and impact of sexual violence at universities. Drawing on evidence from the UK, North America, Australia and Europe, Towl and Walker explore the psychological and structural challenges to reporting sexual violence. They provide a set of policy and practice guidance recommendations that move beyond awareness campaigns to call for systems to be put in place whereby reports of sexual assault are handled promptly, fairly and consistently. They also discuss how universities can strengthen their approach to prevention, promoting safeguarding and the welfare of victims and survivors, and involving victims and survivors in the development and improvement of services. However, fundamental to their approach is keeping decision making with the victim and survivor, and emphasising that their health and recovery is paramount. *Tackling Sexual Violence at Universities* is an invaluable and ground-breaking resource for students and researchers in forensic psychology and criminology, as well as professionals working in higher education. The authors are donating their royalties in full to Kirklees and Calderdale Rape & Sexual Abuse Centre (KCRASACC), UK, a small registered charity that provides specialist therapy, counselling advocacy and support for survivors

of sexual or domestic violence and abuse. Running for nearly 30 years, the centre works with young people and adults over the age of 13.

Ending the Sex Wars Jan 22 2022 Written to help women understand the sometimes strange and perplexing behavior of the men in their lives, this practical yet entertaining book includes many stories and examples of men and women who have successfully resolved serious relationship issues.

1,800 Miles Mar 12 2021 "We must be actively against instead of passively for sexual violence." - 1,800 Miles Sexual violence is a cultural issue that will not go away just because we ignore it.

Three college friends understood this and decided to do something. With few resources and little funding, they headed to Miami in the summer of 2008 and were ready to walk all the way to Boston in an effort to raise awareness about sexual violence. Carry their only possessions on their backs and never knowing where they would be sleeping at the end of each day, they slowly made their way up the East Coast. However, they did have their set backs as certain days included being chased by dogs and walking numerous miles through the rain. Despite these adversities, the three walkers continued forward for three long, hot summer months. Along the way, they talked to the media, met survivors, and even spent the night with a Senator. *1,800 Miles* recounts those stories both humorous and heartbreaking from the walk and is sure to be a story that inspires other social activists to start moving forward - one step at a time.

End of Masculinity Feb 08 2021 Why does masculinity seem obvious yet prove impossible to define? What has caused the erosion of men's power and will progress towards sexual equality continue? How political is the personal? This book explains why both popular and academic commentators have found it impossible to define masculinity. It is because no such thing exists. Re-examining the ideas of thinkers such as Sigmund Freud and Thomas Hobbes, the author shows that modern societies

faced the novel problem of explaining how men and women had equal rights, yet led such different lives, and solved it by inventing the concept of masculinity. It concludes that strong forces in modern societies encourage greater sexual equality, and that these are better supported by a politics of equal rights than by encouraging men to personally reform their masculine identity. MacInnes challenges established ways of thinking about sex, gender and masculinity that underpin not only feminist thought, but the treatment of these issues across the social sciences, philosophy and history.

The End of Sexual Identity Oct 31 2022 Sexual identity has become an idol in both the culture at large and in the Christian subculture. And yet concepts like "gay" or "straight" are relatively recent developments in human history. We let ourselves be defined by socially constructed notions of sexual identity and sexual orientation--even though these may not be the only or best ways to think about sexuality. Anthropologist Jenell Williams Paris offers a Christian framework for sexual holiness that accounts for complex postmodern realities. She assesses problems with popular cultural and Christian understandings of heterosexuality and homosexuality alike. The End of Sexual Identity moves beyond culture-war impasses to open up new space for conversations in diverse communities both inside and outside the church.

The End of Sex and the Future of Human Reproduction Jul 24 2019 Within twenty, maybe forty, years most people in developed countries will stop having sex for the purpose of reproduction. Instead, prospective parents will be told as much as they wish to know about the genetic makeup of dozens of embryos, and they will pick one or two for implantation, gestation, and birth. And it will be safe, lawful, and free. In this work of prophetic scholarship, Henry T. Greely explains the revolutionary biological technologies that make this future a seeming inevitability and sets out the deep ethical and legal

challenges humanity faces as a result. “Readers looking for a more in-depth analysis of human genome modifications and reproductive technologies and their legal and ethical implications should strongly consider picking up Greely’s *The End of Sex and the Future of Human Reproduction*...[It has] the potential to empower readers to make informed decisions about the implementation of advancements in genetics technologies.” —Dov Greenbaum, *Science* “[Greely] provides an extraordinarily sophisticated analysis of the practical, political, legal, and ethical implications of the new world of human reproduction. His book is a model of highly informed, rigorous, thought-provoking speculation about an immensely important topic.” —Glenn C. Altschuler, *Psychology Today*

The End of Gender Sep 17 2021 International sex researcher, neuroscientist, and columnist Debra Soh debunks popular gender myths in this scientific examination of the many facets of gender identity that “is not only eminently reasonable and beautifully-written, it is brave and vital” (Ben Shapiro, #1 New York Times bestselling author). Is our gender something we’re born with, or are we conditioned by society? In *The End of Gender*, neuroscientist and sexologist Dr. Debra Soh uses a research-based approach to address this hot-button topic, unmasking popular misconceptions about the nature vs. nurture debate and exploring what it means to be a woman or a man in today’s society. Both scientific and objective, and drawing on original research and carefully conducted interviews, Soh tackles a wide range of issues, such as gender-neutral parenting, gender dysphoric children, and the neuroscience of being transgender. She debates today’s accepted notion that gender is a social construct and a spectrum, and challenges the idea that there is no difference between how male and female brains operate. *The End of Gender* is conversation-starting “required reading” (Eric R. Weinstein, PhD, host of *The Portal*) that will arm you with the facts you need to come to your own conclusions about gender

identity and its place in the world today.

The Long Sexual Revolution Dec 29 2019 In this book Hera Cook traces the path of sexuality in England, and shows how its route was determined by the gradual exertion of control over fertility. Most sexual activity had major economic and social costs, the most fundamental of which was the physical cost of children upon women's bodies. Around 1800 birth rates reached historical heights. Using a combination of demographic and qualitative sources, Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century. Contraception became a viable option in the early twentieth century. The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour, culminating in the sexual revolution of the 1960s.

How to Stop Sexual Harassment May 02 2020

And They Knew Each Other Jun 26 2022 This book is the essence of the authors' life experience and more than 40 years of work on establishing a new human and social foundation for a future culture of peace. It contains maybe the deepest insights which can be given today about love, sexuality and partnership.

Stop it Now Aug 24 2019

The Cambridge Companion to the Fin de Siècle Mar 31 2020

Publisher description

Feminist Consequences Dec 09 2020 Exploring the status of feminism in this "postfeminist" age, this sophisticated meditation on feminist thinking over the past three decades moves away from the all too common dependence on French theorists and male thinkers and instead builds on a wide-ranging body of feminist theory written by women. These writings address the question "Where are we going?" as well as "Where have we come from?" As evidenced in the essays compiled here, the multiplicity of directions available to this new feminism ranges from poststructuralist academic theory through cultural activism to re-

readings of law, literature, and representation. Contributors include Mieke Bal, Lauren Berlant, Rosi Braidotti, Elisabeth Bronfen, Judith Butler, Rey Chow, Drucilla Cornell, Ann Cvetkovich, Jane Gallop, Beatrice Hanssen, Claire Kahane, Ranjana Khanna, Biddu Martin, Juliet Mitchell, Anita Haya Patterson, and Valerie Smith. *Feminist Consequences*, representing the forefront of international feminist thought, marks a new and long-desired stage of feminist criticism where women are themselves making theory rather than reacting to male production.

Desiring God Apr 12 2021 Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

Ending Sexual Violence in College Jul 28 2022 "In this practical guide for higher education professionals who work in student affairs, the authors lay out a community-based model aimed at eliminating sexual misconduct of all kinds on college campuses"--

Sexual Neuroses Jan 28 2020

The Feminist and the Sex Offender May 26 2022 In the era of #MeToo and mass incarceration, *The Feminist and the Sex Offender* makes a powerful feminist case for accountability without punishment and sexual safety and pleasure without injustice. With analytical clarity and narrative force, *The Feminist and the Sex Offender* contends with two problems that are typically siloed in the era of #MeToo and mass incarceration: sexual and gender violence, on the one hand, and the state's unjust, ineffective, and soul-destroying response to it on the other. Is it possible to confront the culture of abuse? Is it possible to hold harm-doers accountable without recourse to a criminal justice system that redoubles injuries, fails survivors, and retrenches the conditions that made such abuse possible? Drawing on interviews, extensive research, reportage, and

history, *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need.

Sexual Conduct Jan 10 2021 "Sexual Conduct is a major attempt to consider sexuality within a non-biological, social-psychological framework. It is a valuable addition to the study of human sexuality, and will be of interest to students of sociology, psychology, psychiatry, social work, and medicine."--BOOK JACKET.

The Beginning and End of Rape Sep 29 2022 Winner of the Labriola Center American Indian National Book Award Despite what major media sources say, violence against Native women is not an epidemic. An epidemic is biological and blameless. Violence against Native women is historical and political, bounded by oppression and colonial violence. This book, like all of Sarah Deer's work, is aimed at engaging the problem head-on—and ending it. *The Beginning and End of Rape* collects and expands the powerful writings in which Deer, who played a crucial role in the reauthorization of the Violence Against Women Act in 2013, has advocated for cultural and legal reforms to protect Native women from endemic sexual violence and abuse. Deer provides a clear historical overview of rape and sex trafficking in North America, paying particular attention to the gendered legacy of colonialism in tribal nations—a truth largely overlooked or minimized by Native and non-Native observers. She faces this legacy directly, articulating strategies for Native communities and tribal nations seeking redress. In a damning critique of federal law that has accommodated rape by destroying tribal legal systems, she describes how tribal self-determination efforts of the twenty-first century can be leveraged to eradicate violence against women. Her work bridges the gap between Indian law and feminist thinking by explaining how intersectional approaches are vital to addressing the rape of Native women.

Grounded in historical, cultural, and legal realities, both Native and non-Native, these essays point to the possibility of actual and positive change in a world where Native women are systematically undervalued, left unprotected, and hurt. Deer draws on her extensive experiences in advocacy and activism to present specific, practical recommendations and plans of action for making the world safer for all.

[Radio Free Europe Research](#) Oct 26 2019

The History of Sexuality Oct 07 2020 Why we are so fascinated with sex and sexuality—from the preeminent philosopher of the 20th century. Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

The End of Manhood Mar 24 2022 In this follow-up to Refusing to be a Man, the author discusses new perspectives on intimacy, gender and violence as well as re-examining ideas of manhood and gender identity in general.

Read My Lips Dec 21 2021 Riki Anne Wilchins has written the book that may take the discussion of gender over the top. Read My Lips: Sexual Subversion and the tend of Gender, a frontal assault on both the status quo in academic studies and the full spectrum of single-issue identity politics, will change the way you think about bodies, sex, and gender. Yours and everyone else's. Combining the theoretical breakthroughs of Judith Butler's Gender Trouble and the performance revelations of Kate Bornstein's Gender Outlaw, Wilchins -- cofounder of the Transsexual Menace -- moves the dialogue to a new level. In a voice that is by turns outraged, outrageous, sad, and hilarious, the author weaves theory and personal experience into a compelling story of self-discovery. She redefines what it means to be "gendered", both by the way she lives and the accessible theoretical narrative she constructs. Read My Lips, with its unique mix of theory and application, anecdote and affront, will appeal to

feminists, queer academics, activists, transpeople, "the-queer-on-the-street", and the increasing audience of mainstream readers hungry for writing that pushes the absolute edge of the gender envelope. OUT Magazine says that the author "has surfaced as the Superhero of this burgeoning (transgender) movement". Wilchins, herself, signs off on her email as follows: "Just your average straight white guy with a cunt who really digs lezzie chicks like me". Rarely have smarts and chutzpah produced such good effect. *Three Women* Jul 04 2020 The International No. 1 Bestseller 'Cuts to the heart of who we are' Sunday Times 'A book that begs discussion' Vanity Fair All Lina wanted was to be desired. How did she end up in a marriage with two children and a husband who wouldn't touch her? All Maggie wanted was to be understood. How did she end up in a relationship with her teacher and then in court, a hated pariah in her small town? All Sloane wanted was to be admired. How did she end up a sexual object of men, including her husband, who liked to watch her have sex with other men and women? 'I will probably re-read it every year of my life' Caitlin Moran 'Will have millions nodding in recognition' The Times 'As gripping as the most gripping thriller' Marian Keyes 'When I picked it up, I felt I'd been waiting half my life to read it' Observer 'The kind of bold, timely, once-in-a-generation book that every house should have a copy of, and probably will before too long' New Statesman The book Phoebe Waller-Bridge, Alexa Chung, Jodie Comer, Reese Witherspoon, Harry Styles, Fearne Cotton, Caitriona Balfe, Gwyneth Paltrow, Sharon Horgan, Zoe Ball, Rosie Huntington-Whiteley, Davina McCall, Gemma Chan, Christine and the Queens and Gillian Anderson are all reading

Introducing Cultural Anthropology Nov 19 2021 What is the role of culture in human experience? This concise yet solid introduction to cultural anthropology helps readers explore and understand this crucial issue from a Christian perspective. Now revised and updated throughout, this new edition of a successful

textbook covers standard cultural anthropology topics with special attention given to cultural relativism, evolution, and missions. It also includes a new chapter on medical anthropology. Plentiful figures, photos, and sidebars are sprinkled throughout the text, and updated ancillary support materials and teaching aids are available through Baker Academic's Textbook eSources. Ending Sexual Violence in College Sep 05 2020 Aimed at college administrators and Title IX coordinators who are responsible for leading campuses that are safe for everyone, Ending Sexual Violence in College enables those who work or live on a college campus to take an active role in making the campus safer.

In a Day's Work Aug 29 2022 2019 Pulitzer Prize Finalist in General Nonfiction Winner of the PEN/John Kenneth Galbraith Award Winner of the 2018 Goddard Riverside Stephan Russo Book Prize for Social Justice "In a Day's Work is a . . . much-needed addition to the literature on sexual harassment in the U.S." —The New York Review of Books A searing exposé about the hidden stories of immigrant workers overlooked by #MeToo—at turns heartrending and hopeful—by acclaimed journalist and Pulitzer Prize finalist Bernice Yeung Apple orchards in bucolic Washington state. Office parks in Southern California under cover of night. The home of an elderly man in Miami. These are some of the workplaces where female workers have suffered brutal sexual assault and shocking harassment at the hands of their employers, often with little or no official recourse. In this harrowing yet often inspiring tale, investigative journalist Bernice Yeung exposes the epidemic of sexual violence levied against women farmworkers, domestic workers, and janitorial workers and charts their quest for justice in the workplace. Yeung takes readers on a journey across the country, introducing us to women who came to America to escape grinding poverty only to encounter sexual violence in the United States. In a Day's Work exposes the underbelly of economies filled with employers who take advantage of immigrant women's need to

earn a basic living. When these women find the courage to speak up, Yeung reveals, they are too often met by apathetic bosses and underresourced government agencies. But *In a Day's Work* also tells a story of resistance, introducing a group of courageous allies who challenge dangerous and discriminatory workplace conditions alongside aggrieved workers—and win. Moving and inspiring, this book will change our understanding of the lives of immigrant women.

Sharing Our Stories of Survival Jun 22 2019 A general introduction to the social and legal issues involved in acts of violence against Native women, this book's contributors are lawyers, social workers, social scientists, writers, poets, and victims. In the U.S. Native women are more likely than women from any other group to suffer violence, from rape and battery to more subtle forms of abuse, and *Sharing Our Stories of Survival* explores the causes and consequences of such behavior. The stories and case-studies presented here are often painful and raw, and the statistics are overwhelmingly grim; but a countervailing theme also runs through this extremely informative volume: Many of the women who appear in these pages are survivors, often strengthened by their travails, and the violence examined here is human violence, meaning that it can be changed, if only with much effort and education. The first step is to lay out the truth for all to see, and that is the purpose accomplished by this book.

Lust Jul 16 2021 Accessibly written, this interdisciplinary book reviews theory and research on the characteristics of sexual desire, the individual physical and mental factors that influence the experience of sexual desire (hormones, age, gender, beliefs, mood), the various partner characteristics that incite sexual desire (attractiveness) and the association between sexual desire and interpersonal, relational events and experiences (romantic love). The book concludes with an examination of the personal, interpersonal and societal implications of sexual desire.

Throughout, the authors draw on findings from their own body of

research on sexual and romantic attraction, as well as on an extensive review of the relevant social, behavioural and medical science

Sexual Intelligence Sep 25 2019 This is not your standard sex book. Sex therapist, sociologist, and Psychology Today contributor Dr. Marty Klein goes beyond the sex manuals to reveal how our mindsets during sex are more important than any tricks or techniques—and that the way to a healthier, more exciting, more fulfilling sex life lies in first developing our sexual intelligence. This book is the antidote to the many gimmick-oriented sex guides and manuals; Dr. Klein shows us how to reorient how we think about sex in order to experience a truly different way of being sexual. “Marty Klein is the Steve Jobs of sex advice. . . . *Sexual Intelligence* is a work of enormous wisdom and expansiveness, and will inspire readers, regardless of age, to realize their full sexual potential.” —Ian Kerner, best-selling author of *She Comes First*

100 Reasons Why Sex Must Wait Until Marriage Feb 20 2022 100 Reasons Why Sex Must Wait Until Marriage Sex is a mystery and unfortunately majority of those who engage in it do not fully understand the mystery behind it. The only thing most people understand about it is the pleasure derived from it and the procreation that can result from it. Many do not understand that when sex is not done within the scripturally prescribed confines of marriage, the temporary pleasure derived can lead to eternal pressure. In this book, Dr. Olukoya has taken time to unlock some of the mysteries of sex. Considerable attention has been given to the after-effects of premarital sex to show why you should wait until marriage before engaging in it. Steps are listed on how you can stay pure and avoid sex until marriage. Sex outside marriage is a killer and it has successfully destroyed millions of destinies. Do not let yours be next!

Ethics at the Cinema Jun 02 2020 The editors of *Ethics at the Cinema* invited a diverse group of moral philosophers and

philosophers of film to engage with ethical issues raised within, or within the process of viewing, a single film of each contributor's choice. The result is a unique collection of considerable breadth. Discussions focus on both classic and modern films, and topics range from problems of traditional concern to philosophers (e.g. virtue, justice, and ideals) to problems of traditional concern to filmmakers (e.g. sexuality, social belonging, and cultural identity).

Mature Sexual Intimacy Feb 29 2020 This book delves into the value of intimacy, the rewards of it, and how women can move toward those rewards when perimenopausal, in the throes of menopause, or postmenopausal. It helps women explore improved sexual health and science-based answers to finding physical comfort and pleasure during and after menopause—from symptom relief to orgasm.
