Superman and the Miserable, Rotten, No Fun, Really Bad Day
Aug 20 2019 It's a bird! It's a plane! It's the WORST DAY EVER!
It's the 100% UNauthorized children's book parody as only Mad Magazine can do it in SUPERMAN AND THE MISERABLE, ROTTEN, NO FUN, REALLY BAD DAY! It's a day so terrible that only The Man of Steel could possibly hope to survive it! On this miserable, terrible, no fun, very bad day, Superman will face rampaging super villains, angry editors, boring chores, a cranky Justice League, and, worst of all, bad pizza. Superman's home planet, Krypton, exploded--so he's no stranger to bad days--but even

so, this is one for the record books! In this all-new story from The Usual Gang of Idiots at MAD Magazine and the same crew that brought you GOODNIGHT BATCAVE, the best-selling children's book ALEXANDER AND THE TERRIBLE, HORRIBLE, NO GOOD, VERY BAD DAY is parodied with the heroes and villains from the world of DC Comics' Superman!

The Last Son of Krypton Jan 17 2022 After five years, Superman returns back to Earth and must face old threats and new, in a book with pictures from the motion picture.

Superman Apr 20 2022 Presents stories about important events on Superman's planet of origin, including the story of its thousand-year war, a conspiracy to destroy it, and the events that led to its destruction.

House of El Book Two: The Enemy Delusion Mar 27 2020 Knowing Krypton's possible fate, Sera and Zahn find it difficult to continue with their everyday lives. Sera's enhanced fighting skills may impress General Zod, but they raise suspicions among her fellow soldiers. Zahn is burdened with the knowledge of the underground rebel group's plans.

The Last Days of Krypton Oct 26 2022 A detailed account of the tragic destruction of Superman's home planet depicts the lives of his parents, Jor-El and Lara, while giving insight into the political factors that doomed the planet and paved the way for such villains as Brainiac and General Zod. By the author of Hidden Empire. 75,000 first printing.

World of Krypton (2021-) #1 Jun 22 2022 A modern telling of one of the most storied periods in comics! Krypton is a utopia admired across the universe for its achievements in science and culture, but its shining towers and regal people conceal a planet rotting at its

core. When a catastrophic event befalls Krypton's natural world, it points toward a mass extinction in the making. Jor-El, head of Krypton's revered Science Council, embarks on a mission to save a world that may already have passed the point of no return. Shining new light on the famous characters of Krypton's past—including Jor-El, General Dru-Zod, and even a young Kara Zor-El—World of Krypton combines action, cosmic wonder, and political intrigue in a story as much about our world as the one on the page.

The Shrinking City Aug 12 2021 When Brainiac shrinks several cities and seals them inside an unbreakable glass container, Superman must stop him from bottling up the city of Metropolis and hopefully save his own home planet, Krypton.

Superman: The Many Worlds of Krypton May 21 2022 One lone survivor of Krypton became the greatest hero in the universe—Superman. But before its destruction, the Man of Steel's birthplace was home to legions of heroes and heretics who molded their society into the technological wonderland it would become. Take a look into the time before there was a Superman and walk with his ancestors to uncover the tales of their lost civilization! From some of the industry's greatest creators come the life and times of Jor-El, father of Superman; the story of a forbidden love that would ignite a civil war and lead to the eventual destruction of the entire planet; and the Kryptonian legends that defined their history. Collects WORLD OF KRYPTON VOL. 1 #1-3 and THE WORLD OF KRYPTON VOL. 2 #1-4, with stories from SUPERMAN #233, #236, #238, #240, #248, #257, #266, and SUPERMAN FAMILY # 182

Superman Nov 22 2019 The first full-fledged history not just of the Man of Steel but of the creators, designers, owners, and performers who made him the icon he is today, from the New York Times bestselling author of Satchel and Bobby Kennedy “A story as

American as Superman himself.”—The Washington Post Legions of fans from Boston to Buenos Aires can recite the story of the child born Kal-El, scion of the doomed planet Krypton, who was rocketed to Earth as an infant, raised by humble Kansas farmers, and rechristened Clark Kent. Known to law-abiders and evildoers alike as Superman, he was destined to become the invincible champion of all that is good and just—and a star in every medium from comic books and comic strips to radio, TV, and film. But behind the high-flying legend lies a true-to-life saga every bit as compelling, one that begins not in the far reaches of outer space but in the middle of America’s heartland. During the depths of the Great Depression, Jerry Siegel was a shy, awkward teenager in Cleveland. Raised on adventure tales and robbed of his father at a young age, Jerry dreamed of a hero for a boy and a world that desperately needed one. Together with neighborhood chum and kindred spirit Joe Shuster, young Siegel conjured a human-sized god who was everything his creators yearned to be: handsome, stalwart, and brave, able to protect the innocent, punish the wicked, save the day, and win the girl. It was on Superman’s muscle-bound back that the comic book and the very idea of the superhero took flight. Tye chronicles the adventures of the men and women who kept Siegel and Shuster’s “Man of Tomorrow” aloft and vitally alive through seven decades and counting. Here are the savvy publishers and visionary writers and artists of comics’ Golden Age who ushered the red-and-blue-clad titan through changing eras and evolving incarnations; and the actors—including George Reeves and Christopher Reeve—who brought the Man of Steel to life on screen, only to succumb themselves to all-too-human tragedy in the mortal world. Here too is the poignant and compelling history of Siegel and Shuster’s lifelong struggle for the recognition and rewards rightly due to the architects of a genuine cultural phenomenon. From two-fisted crimebuster to über-patriot, social crusader to spiritual savior, Superman—perhaps like no other mythical character before or

since—has evolved in a way that offers a Rorschach test of his times and our aspirations. In this deftly realized appreciation, Larry Tye reveals a portrait of America over seventy years through the lens of that otherworldly hero who continues to embody our best selves.

World of Krypton (2021-) #2 Sep 13 2021 The trial of the millennium! As Jor-El and his brother investigate the mysterious mass-extinction events ravaging Krypton's natural world, a much more public event holds the planet's attention—a member of the House of El stands trial for aiding violent revolutionaries. As all of Krypton watches, a betrayal is revealed that threatens to shatter the long-standing friendship between Jor-El and General Zod.

The Last Days of Krypton Sep 25 2022 Before the cataclysm that sent the infant Kal-El rocketing toward a remarkable future as Earth's indestructible protector, his home planet Krypton flourished. Before treachery, technology, and nature conspired to doom an unparalleled civilization, the brilliant scientist Jor-El and the beautiful artist and historian Lara met, fell in love, and married. There were great heroes in those halcyon days. And there were just as many villains: the evil android Brainiac, who planned to capture the capital city of Kandor; the diabolical General Zod, who used lies and chaos to seize power and usher in an era of cruelty, repression, and terror. And through it all, an inescapable violence loomed ever closer—a catastrophic destiny foretold by Jor-El that would reshape humankind forever....

A Forest of Stars Apr 08 2021 Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them.

Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

Single Bound Dec 24 2019 Poetry. For those who love Superman and Wonder Woman--and who enjoy diving deep into the mythological history of superheroes, considering the ways that they both experience and reflect the best and worst our human condition--comes this double collection of poems, **SINGLE BOUND**. The first book in Bryan D. Dietrich's collection, *Krypton Nights*, won the prestigious Paris Review Prize in Poetry in 2001, and it receives a fresh treatment here. The second book, *Amazon Days*, makes its debut at a moment when women's identities and experiences are at the forefront of cultural conversation. These two superheroes, speaking within this combined collection of formal persona poems, have much to say to each other and to all of us. "Bryan Dietrich is my favorite mystic. I'd say theologian, but Dietrich's relationship to the divine is more medium than scholar. He invites it all in: the ancient and numinous, the postmodern and spandex clad. Then, like the ecstatic Theresa, the man-woman-man Tiresias, he speaks: earthy, oracular, earnest. Super. Wonder. Wow."--Marta Ferguson "The biggest struggles don't come in tights. This is the crux of Bryan Dietrich's **SINGLE BOUND**. Dietrich uses a masterful combination of forms and personas to offer a multifaceted and multidimensional examination of the two most important American superheroes. But, just like the best superhero stories aren't only about superheroes, this collection is not only about Superman and Wonder Woman. It is not only about Clark Kent and Diana Prince. Humanity sits at the core of **SINGLE**

BOUND. In his depiction of these fictional saviors, Dietrich makes us question why humanity wants a savior and, most importantly, why humanity deserves to be saved."--Jason McCall
