*Fields of Fire* Aug 17 2021 James Webb's classic, scorching novel of the Vietnam War. They each had their reasons for becoming a Marine. They each had their illusions. Goodrich came fresh from Harvard. Snake got the tattoo before he even got the uniform. Hodges was haunted by the spirits of family heroes. Three young men, from vastly different worlds, were plunged into a white-hot, murderous melting pot of jungle warfare in the An Hoa Basin, Vietnam, 1969. They had no way of knowing what awaited them. For nothing could have prepared them for the madness of what they found. And in the heat and horror of battle they took on new identities, took on each other, and were reborn in fields of fire... *Fields of Fire* is a searing story of poetic power, razor-sharp observation, and non-stop combat, perfect for fans of Tim O'Brien, Karl Marlantes and *Apocalypse Now*. *On Fire* Aug 05 2020 In the bestselling tradition of Brene Brown's *Daring Greatly* and Nick Vujicic's *Life Without Limits* comes a rousing 7-step plan for living a life on fire, filled with hope and possibility—from an inspirational speaker who survived a near-fatal fire at the age of nine and now runs a successful business inspiring people all around the world. When John O'Leary was nine years old, he was almost killed in a devastating house fire. With burns on one hundred percent of his body, O'Leary mustered an almost unimaginable amount of inner strength just to survive the ordeal. The insights he gained through this

experience and the heroes who stepped into his life to help him through the journey—his family, the medical staff, and total strangers—changed his life. Now he is committed to living life to the fullest and inspiring others to do the same. An incredible and emotionally honest account of triumph over tragedy, *On Fire* contains O’Leary’s reflections on being that little boy, the life-giving choices made then, and the resulting lessons he learned. O’Leary very clearly shares that without the right people providing the right guidance, at the right time, he never would have made it through those five months in the hospital, let alone the years that followed as he struggled to regain mobility, embrace his story, and ignite clarity of his life’s purpose. *On Fire* encourages us to seize the power to choose our path and transform our lives from mundane to extraordinary. Once we stop thinking solely on the big moments in our lives, we can begin to focus on those smaller opportunities that tend to pass us by. These are the events—the inflection points in our lives—that can determine how we feel about life now, where we are headed in the future, and how many lives we can impact along the way. We can’t always choose the path we walk, but we can choose how we walk it. Empowering, inspiring, remarkably honest, and heartfelt, O’Leary’s strength and incredible spirit shine through on every page.

**Darkness of Dragons (Wings of Fire #10)** Jan 28 2020 An ancient evil, a terrible prophecy -- and five dragonets who could save the world . . . Don't miss the most thrilling adventure yet in the New York Times bestselling *Wings of Fire* series! Qibli knows Darkstalker must be stopped. And he knows he could stop him -- if he had magic. With even a sliver of the ancient dragon's all-powerful scroll, Qibli could rewrite history the right way: end war forever; make every dragon happy; perhaps even cast a very small spell so that everyone would like him . . . Instead, as Darkstalker's dangerous influence spreads across Pyrrhia, entrancing or killing every dragon in the seven tribes, Qibli can only grasp the small animus objects he's borrowed from Turtle. With some clever thinking, Qibli's talons finally hold the power to make a difference. But prophecies are not easy to rewrite. **Book of Fire (The Book of Fire series, Book 1)** Jan 10 2021 'Book of Fire is dystopian with a difference...This was such an exciting read...' - Katharine Corr, co-author of *The Witch's Kiss* Trilogy Life outside the domes is not possible. At least that’s what Insiders are told.

*Vestal Fire* Jun 22 2019 Stephen Pyne has been described as having a consciousness "composed of equal parts historian, ecologist, philosopher, critic, poet, and sociologist." At this time in history when many people are trying to understand their true relationship with the natural environment, this book offers a remarkable contribution--breathtaking in the scope of its research and exhilarating to read. Pyne takes the reader on a journey through time, exploring the terrain of Europe and the uses and abuses of its lands as well as, through migration and conquest, many parts of the rest of the world. Whether he is discussing the Mediterranean region, Russia, Scandinavia, the British Isles, central Europe, or colonized islands; whether he is considering the impact of agriculture, forestry, or Enlightenment thinking, the author brings an unmatched insight to his subject. *Vestal Fire* takes its title from Vesta, Roman goddess of the hearth and keeper of the sacred fire on Mount Olympus. But the book's title also suggests the strengths and limitations of Europe's peculiar conception of fire, and through fire, of its relationship to nature. Between the untamed fire of the wilderness and the tended fire of the hearth lies a never-ending dialectic in which human beings struggle to control natural forces and processes that in fact can sometimes be directed but never wholly dominated or contained.

**A Vision of Fire** Aug 24 2019 *A Vision of Fire* is the explosive first novel from iconic X-Files star Gillian Anderson and New York Times bestselling author Jeff Rovin: “Fans of Douglas Preston and Lincoln Child will find a lot to like” (Publishers Weekly). Her world is suddenly upturned when Maanik, the daughter of India’s ambassador to the United Nations starts speaking in tongues and having violent visions. Maanik’s parents are sure that her fits have something to do with the recent assassination attempt on her father—a shooting that has escalated nuclear tensions between India and Pakistan to dangerous levels—but when children start having similar outbursts around the world, Caitlin begins to think that there’s a stranger force at work. In Haiti, a student claws at her throat, drowning on dry land. In Iran, a boy suddenly and inexplicably bursts into flame. On the Pakistan border, a young man feels a burning in his

chest and, against his will, opens fire on Indian troops. With Asia on the cusp of nuclear war, Caitlin must race across the globe and uncover the supernatural links between these seemingly unrelated cases in order to save her patient—and perhaps the world. The first in a series, *A Vision of Fire* is a pulse-pounding thriller that will leave you gasping for more.

*Children of Fire* Jun 26 2022 Drew Karpysyn has made his mark with imaginative, action-packed work on several acclaimed videogames, including Mass Effect and Star Wars: Knights of the Old Republic, as well as in a succession of New York Times bestselling tie-in novels. Now Karpysyn introduces a brilliantly innovative epic fantasy of perilous quests, tormented heroes, and darkest sorcery—a thrilling adventure that vaults him into the company of such authors as Terry Goodkind, Brandon Sanderson, and Peter V. Brett. Long ago the gods chose a great hero to act as their agent in the mortal world and to stand against the demonic spawn of Chaos. The gods gifted their champion, Daemron, with three magical Talismans: a sword, a ring, and a crown. But the awesome power at his command corrupted Daemron, turning him from savior to destroyer. Filled with pride, he dared to challenge the gods themselves. Siding with the Chaos spawn, Daemron waged a titanic battle against the Immortals. In the end, Daemron was defeated, the Talismans were lost, and Chaos was sealed off behind the Legacy—a magical barrier the gods sacrificed themselves to create. Now the Legacy is fading. On the other side, the banished Daemron stirs. And across the scattered corners of the land, four children are born of suffering and strife, each touched by one aspect of Daemron himself—wizard, warrior, prophet, king. Bound by a connection deeper than blood, the Children of Fire will either restore the Legacy or bring it crashing down, freeing Daemron to wreak his vengeance upon the mortal world. **BONUS:** This edition includes an excerpt from Drew Karpysyn's *The Scorched Earth*. Praise for *Children of Fire* “This intricately layered adventure breathes realism and overshadowing menace into ancient mythic archetypes, exposing the pain and wonder inherent in magic and the mingled hope and cynicism of modern fantasy.”—Publishers Weekly (starred review) “A rousing quest fantasy . . . a fast-paced action-packed good and evil thriller.”—SF Revu “From the first page of *Children of Fire*, Karpysyn captures the reader’s attention with his excellent, intricate storyline.”—RT Book Reviews “*Children of Fire* stands on its own as a thoroughly entertaining tale. I would recommend this title to any fan of the genre.”—Among the Wreckage “Compulsively readable, wildly entertaining.”—A Girl, A Boy and A Blog “*Children of Fire* is engrossing, and full of characters that are modern. . . . I thoroughly enjoyed *Children of Fire* and look forward for the next two books.”—FANgirl Blog “Drew Karpysyn weaves a rich, contrasting tapestry of epic story and doom.

Gripping and compelling from first page to last, *Children of Fire* is a dark-chocolate fantasy; delightfully biting and delectable at once. Four ill-fated children born under a sign of chaos and flame carried me on a journey into an intriguing world of shadowy wonder. It is a spellbinding epic told with masterful craft. Well done, Drew!”—Tracy Hickman, New York Times bestselling co-author of the *Dragonlance* and *Death Gate* series

**Age Of Fire Is Over, The: A New Approach To The Energy Transition** Dec 21 2021 The heart of the contemporary argument on climate change and energy transition focuses on how energy supply should be decarbonized to mitigate greenhouse gas emissions. This book proposes an alternative approach. The *Age of Fire Is Over: A New Approach to the Energy Transition* finds that energy transitions are not driven by supply-side driven transformations but rather by evolutions in demand patterns. Exploring the potential of recently emerged key technologies, *The Age of Fire Is Over* argues that the so-called Energy Transition has not yet started. In the future, key technologies will significantly transform demand and provide services at a fraction of today's cost or offer new services not yet imagined. To a large extent, energy paradigm shifts are driven by such evolutions, largely inevitable and often unanticipated, because they provide societies with greater benefits: lower costs, more jobs, and rapid adaptation. This book closes with key novel recommendations for government institutions to accelerate the energy transition, which — instead of replicating an approach from the past — should focus on these demand transformations to both advance civilization and mitigate climate change. With Foreword by Jean-Pascal Tricoire, Schneider Electric Chief Executive Officer.

*The Furnace of Fire* Mar 31 2020 BURNING FLARES! Agonizing muscle spasms! Unbearable neurological pain! Electric shocks! Uncontrollable twitching! Crawling insects! Numb weak legs, excruciating nerve pain! Paralysis! Bladder, bowel, sexual dysfunction! Suicide! This is the life most sufferers of Arachnoiditis have to face each day. A devotional book giving hope for people with Arachnoiditis and chronic pain conditions..... Forest Tennant M.D., Dr. P.H., Author of over 300 scientific articles and books, Editor Emeritus of Practical Pain Management..... I have often referred to Adhesive Arachnoiditis as the "Devil's Own Disease". It is a disease of great harm, deviousness and loneliness. It creates a feeling of helplessness, hopelessness and fear. Elaine Ballard and "The Furnace of Fire" penetrates the veil of despair that this disease brings to its unfortunate victims. Readers, whether you have the disease or not, will develop an understanding of it, and the need of the victim and family to seek and find spiritual guidance. This book is critical at this point in time because the triad of an aging population, high prevalence of spine diseases, and risky medical interventions have resulted in thousands of cases of which some are now in every community. It is no longer a rare disease. "The Furnace of Fire" points us in a direction to begin the prevention and treatment of this "Devil's Disease". All interested parties should read this most timely and insightful book. Best wishes always. ---

*Fire & Blood* Jul 16 2021 #1 NEW YORK TIMES BESTSELLER • The history of the Targaryens comes to life in this masterly work, the inspiration for HBO’s *Game of Thrones* prequel series *House of the Dragon* “The thrill of *Fire & Blood* is the thrill of all Martin’s fantasy work: familiar myths debunked, the whole trope table flipped.”—Entertainment Weekly Centuries before the events of *A Game of Thrones*, House Targaryen—the only family of dragonlords to survive the Doom of Valyria—took up residence on Dragonstone. *Fire & Blood* begins their tale with the legendary Aegon the Conqueror, creator of the Iron Throne, and goes on to recount the generations of Targaryens who fought to hold that iconic seat, all the way up to the civil war that nearly tore their dynasty apart. What really happened during the Dance of the Dragons? Why was it so deadly to visit Valyria after the Doom? What were Maegor the Cruel’s worst crimes? What was it like in Westeros when dragons ruled the skies? These are but a few of the questions answered in this essential chronicle, as related by a learned maester of the Citadel and featuring more than eighty black-and-white illustrations by artist Doug Wheatley. Readers have glimpsed small parts of this narrative in such volumes as *The World of Ice & Fire*, but now, for the first time, the full tapestry of Targaryen history is revealed. With all the scope and grandeur of Gibbon’s *The History of the Decline and Fall of the Roman Empire*, *Fire & Blood* is the first volume of the definitive two-part history of the Targaryens, giving readers a whole new appreciation for the dynamic, often bloody, and always fascinating history of Westeros. Praise for *Fire & Blood* “A masterpiece of popular historical fiction.” —The Sunday

Times “The saga is a rich and dark one, full of both the title’s promised elements. . . . It’s hard not to thrill to the descriptions of dragons engaging in airborne combat, or the dilemma of whether defeated rulers should ‘bend the knee,’ ‘take the black’ and join the Night’s Watch, or simply meet an inventive and horrible end.”—The Guardian

*Paths of Fire* Sep 05 2020 Type “Mikhail Kalashnikov” into Google and the biography of the inventor will come back to you almost at the speed of light. Squeeze the trigger of a Kalashnikov and a bullet is kicked up the barrel by an archaic chemical explosion that would have been quite familiar to Oliver Cromwell or General Custer. The gun—antique, yet contemporary—still dominates the world. Geopolitical events and even consumer culture have been molded by the often-unseen research that firearms evoked. The new science of Galileo Galilei and Isaac Newton owed much to the Renaissance study of ballistics. But research into making guns and aiming them also brought on the more recent invention of mass production and kickstarted the contemporary field of artificial intelligence. This book follows the history of the gun and its often-unsuspected wider linkages, looking from the first cannons to modern gunnery, and to the yet-to-be-realized electrical futures of rays and beams.
